

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF A-ONE GOLD PIPES & TUBES PRIAVTE LIMITED

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of A-ONE GOLD PIPES & TUBES PRIAVTE LIMITED ("the Company"), which comprise the Balance Sheet as at March 31, 2025, the Statement of Profit and Loss (including Statement of Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and notes to the financial statements including a summary of Material accounting policies and other explanatory information (hereinafter referred to as "the financial statements")

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, the loss and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Other Information

The Company's Management and Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the

other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read the annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take necessary actions, as applicable under the applicable laws and regulations.

Managements and Board of Director's Responsibility for the Financial Statements

The Company's Board of Directors and management are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (IND AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Board of directors and management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Board of directors and management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Company's financial reporting Process.

Auditor's Responsibilities for the Audit of the Financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is

higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other Matter

The financial statements of the Company for the year ended March 31, 2024, were audited by another firm of Chartered Accountants under the Act, who, vide their report dated August 28, 2024, expressed an unmodified opinion on those financial statements.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, based on our audit we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books, except that the backup of the books of account and other relevant books and papers in electronic

mode has been kept on servers physically located in India on a periodical/incremental basis and for the matters stated in the paragraph 2(j) below of the Companies (Audit and Auditors) Rules,2014.

- c. The Balance Sheet, the Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account.
- d. In our opinion, the aforesaid financial statements comply with the Indian Accounting Standard specified under Section 133 of the Act.
- e. On the basis of the written representations received from the directors as on March 31, 2025 taken on record by the Board of Directors, none of the directors are disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164 (2) of the Act.
- f. With respect to the maintenance of accounts and other matters connected therewith, reference is made to our remarks in paragraph 2(b) above on reporting under Section 143(3)(b) and paragraph 2(j) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 (as amended).
- g. In respect to the adequacy of the internal financial controls with reference to the Financial Statements and the operating effectiveness of such controls, refer to our separate report in "Annexure B" of this report.
- h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - (i) The Company does not have any pending litigations which would impact on its financial position.
 - (ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - (iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - (iv) (a) The management has represented that, to the best of its knowledge and belief, as disclosed in the Note no 62 to the Financial Statements no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall
 - directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Company or
 - provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.
 - (b) The management has represented, that, to the best of its knowledge and belief, as disclosed in the Note no 63 to the Financial Statements, no funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall:

- directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Funding Party or
- provide any guarantee, security or the like from or on behalf of the Ultimate Beneficiaries; and

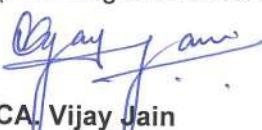

(c) Based on such audit procedures as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub clause (iv)(a) and (iv)(b) contain any material mis-statement.

- i. No dividend has been declared, authorized, or distributed by the Company in respect of the current financial year.
- j. Based on our examination which included test checks, the company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. However, we found that the audit trail at the database level is editable.

Furthermore, the audit trail has been preserved by the company as per the statutory requirements for record retention for the entire period from April 1, 2023 except that the audit trail retention at the database level is available only from April 12, 2023, and at the application level only from October 2023.

- k. In our opinion and according to the information and explanations given to us, the company being a private limited company which is a subsidiary of a public company, is covered under the provisions of Section 197 read with Schedule V to the Companies Act, 2013. However, the company has not paid any remuneration to its directors during the year. Accordingly, the provisions of Section 197(16) regarding compliance with limits of managerial remuneration are not applicable for the current year.

ANNEXURE 'A' TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of **A-ONE GOLD PIPES & TUBES PRIAVTE LIMITED** of even date)

i)

- a) In respect of the Company's property, plant and equipment:
 - A. The Company has maintained proper records showing full particulars, including quantitative details and situation of property plant and equipment;
 - B. The Company is maintaining proper records showing full particulars of intangible assets;
- b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a regular programme of physical verification of its Property, Plant and Equipment by which all Property, Plant and Equipment are verified annually. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No discrepancies noticed on such verification.
- c) According to the information and explanations given to us, and the records examined by us, the title deeds of all the immovable properties (Other than properties where the company is the lessee and the lease agreement are duly executed in favor of lessee) are held in the name of company.
- d) According to the information and explanations given to us, and the records examined by us, the Company has not revalued its property plant and equipment (Including Right-of-Asset) or intangible assets or both during the year.
- e) Based on the information and explanations furnished to us, no proceedings have been initiated on or are pending against the Company for holding benami property under the Prohibition of Benami Property Transactions Act, 1988 (as amended in 2016) (formerly the Benami Transactions (Prohibition) Act, 1988 (45 of 1988)) and Rules made there under, and therefore the question of our commenting on whether the Company has appropriately disclosed the details in the financial statements does not arise.

ii)

- a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Physical verification of the inventory

(excluding material in transit) has been carried out by the management at reasonable intervals and in our opinion the coverage and procedure of such verification by the management are appropriate. According to the information and explanations given to us, there were no material discrepancy of 10% or more in the aggregate of each class of inventory.

b) The Company has been sanctioned working capital limits in excess of Rs. 5 crores in aggregate from banks and/or financial institutions during the year on the basis of security of current assets of the Company. The discrepancies, if any, between the books of accounts and the quarterly return/statements filed with such bank and financial institutions have been disclosed below:

Quarter	Aggregate working capital limits sanctioned	Amount utilised during the quarter	Amount as per books of account	Amount as reported in the quarterly return/ statement	Amount of difference	Reasons for material discrepancies
June 2024	2,000.00	1,763.81	7,507.71	7,572.47	(64.76)	Refer Notes
September 2024	2,000.00	1,895.91	9,232.40	9,334.53	(102.13)	Refer Notes
December 2024	2,000.00	1,915.16	7,399.42	7,446.14	(46.72)	Refer Notes
March 2025	2,000.00	1,001.85	3,739.15	3,613.11	126.04	Refer Notes

Notes:

- (i) The differences are on account of statement filed with the banks prepared based on provisional basis and regrouping of various ledgers.
- (ii) While arriving the drawing power the creditors are adjusted from bank balances available as on respective quarters and net debtors submitted to bank after excluding more than 90 days.
- (iii) The Company has a practice of submitting net position of debtors, advances to suppliers, inventory and deducting creditors, advance from customers. Therefore for comparing with the books of accounts the same practice has been followed to arrive at the net position though there is a change in classification in the financial statements.
- iii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any investments, security or advances in the nature of loans, secured or unsecured to companies, firms, limited liability partnership or any other parties (except employees)

and has stood guarantee during the year. The company has granted unsecured loans to its employees during the year.

a) The aggregate amount during the year, and balance outstanding at the balance sheet date with respect to such loans and guarantees are as per the table given below:

Amount (Rs. in Lakhs)

	Guarantees	Security	Loans	Advances in nature of loans
Aggregate amount granted / provided during the year:				
- Subsidiaries	NIL	NIL	NIL	NIL
- Joint Ventures	NIL	NIL	NIL	NIL
- Associates	NIL	NIL	NIL	NIL
- Other (loan to employees)	NIL	NIL	NIL	NIL
- Other Companies				39.75
	30.19	NIL	NIL	NIL
Balance outstanding as at balance sheet date in respect of above cases:				
- Subsidiaries	NIL	NIL	NIL	NIL
- Joint Ventures	NIL	NIL	NIL	NIL
- Associates	NIL	NIL	NIL	NIL
- Other (loan to employees)	NIL	NIL	NIL	NIL
Other Companies				5.17
	30.19	NIL	NIL	NIL

b) In respect of the aforesaid guarantees and advances, the terms and conditions under which such guarantees and advances were granted are not prejudicial to the company's interest, based on the information and explanation provided by the company

c) Based on the explanation and information given to us and based on the examination of available records in respect of the loans, the schedule of repayment of principal and interest has been stipulated in the loan agreements. Further, the repayment of principal and payment of interest has been regular as

per the terms of the agreement during the period. The loan given to employees is interest free as per company policy.

- d) According to the information and explanation given to us and on the basis of our examination of the records, there are no amounts of loans and advances in the nature of loans granted to companies, which are overdue for more than ninety days. Accordingly, clause 3(iii)(d) of the order is not applicable.
- e) According to the information and explanations given to us and on the basis of our examination of the records, the Company has not renewed or extended or fresh loans given to settle to over dues of existing loans given to the same party is not applicable to the company. Accordingly, clause 3(iii)(e) of the Order is not applicable.
- f) According to the information and explanations given to us and on the basis of our examination of the records, the Company has not given any loans either repayable on demand or without specifying any terms or period of repayment. Accordingly, clause 3(iii)(f) of the Order is not applicable.
- iv) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not given any loans, or provided any guarantee or security as specified under Section 185 and 186 of the Companies Act, 2013 ("the Act"). In respect of the investments made by the Company, in our opinion the provisions of Section 186 of the Act have been complied with.
- v) In our opinion and according to the information and explanations given to us, the company has not accepted deposits other than those in the normal course of business, hence the provision of the directives issued by the Reserve Bank of India and the provisions of sections 73 to 76 or any other relevant provisions of the Act and the rules framed there under; Accordingly, clause 3(v) of the Order is not applicable.
- vi) Pursuant to the rules made by the Central Government of India, the Company is required to maintain cost records as specified under Section 148(1) of the Act in respect of its products. We have broadly reviewed the same and are of the opinion that, *prima facie*, the prescribed accounts and records have been made and maintained. We have not, however, made a detailed examination of the records with a view to determine whether they are accurate or complete.
- vii)
 - a) The Company does not have liability in respect of Sales tax, Service tax, Duty of excise and Value added tax during the year effective 1 July 2017, these statutory dues has been subsumed into GST.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, amounts deducted/ accrued in the books of account in respect of undisputed statutory dues including income-tax, goods and service tax and other material statutory dues have been regularly deposited during the year by the company with the appropriate authorities. According to the information and explanations given to us and based on audit

procedures performed by us, no undisputed amounts payable in respect of these statutory dues were outstanding, at the year end, for a period of more than six months from the date they became payable.

- b) According to the information and explanations given to us, there are no statutory due as referred to in sub clause (a), which have not been deposited on account of any dispute. Accordingly, Clause 3(vii)(b) of order is not applicable.
- viii) According to the information and explanations given to us and the records of the Company examined by us, there are no transactions in the books of accounts that has been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961, that has not been recorded in the books of account.
- ix)
 - a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender from whom the loan is borrowed during the year. Accordingly, clause 3(ix)(a) of the Order is not applicable.
 - b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been declared a willful defaulter by any bank or financial institution or any government authority.
 - c) In our opinion, and according to the information and explanations given to us, the term loans have been applied, on an overall basis, for the purposes for which they were obtained.
 - d) According to the information and explanations given to us, and the procedures performed by us, and on an overall examination of the financial statements of the Company, we report that no funds raised on short-term basis have been used for long term purposes by the Company.
 - e) According to the information and explanations given to us and on an overall examination of the financial statements of the Company, we report that the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries as defined under the Companies Act, 2013. Accordingly, clause 3(ix)(e) of the Order is not applicable.
 - f) According to the information and explanation provided to us and based on the examination of financial statements, the Company is not having any subsidiary or Joint venture or associate companies. Accordingly, reporting under clause 3(ix)(f) of the Order is not applicable.
- x)
 - a) The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments). Accordingly, clause 3(x)(a) of the Order is not applicable.
 - b) In our opinion and according to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Hence reporting under clause 3 (x)(b) of the Order is not applicable
- xi)
 - a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India,

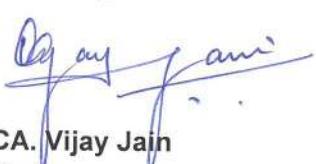

and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company, noticed or reported during the year, nor have we been informed of any such case by the Management.

- b) In our opinion and according to information and explanation given to us, no report under 143(12) of the Act in form ADT-4, as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014, has been filed with the Central Government.
- c) In our opinion and according to information and explanation given to us, there are no whistle blower complaints received during the year.
- xii) As the Company is not a Nidhi Company, Accordingly, clause 3(xii) of the Order is not applicable.
- xiii) In our opinion and according to the information and explanations given to us, all transactions with related parties are in compliance with Sections 177 and 188 of Companies Act, 2013 where applicable and the details have been disclosed in the financial statements, as required by the Indian accounting standards.
- xiv) a) In our opinion and according to the information and explanation given to us, the Company has an internal audit system commensurate with the size and nature of its business.
b) The reports of the Internal Auditor for the period under audit have been considered by us.
- xv) The Company has not entered into any non-cash transactions with its directors or persons connected with him. Accordingly, the reporting on compliance with the provisions of Section 192 of the Act under clause 3(xv) of the Order is not applicable to the Company.
- xvi) a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(a) of the Order is not applicable.
b) The company has not conducted any Non-Banking Financial or Housing Finance activities. Hence a Certificate of Registration (CoR) is not required as per Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(b) of the Order is not applicable.
c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, clause 3(xvi)(c) of the Order is not applicable.
d) According to the information and explanations provided to us during the course of audit, there are no Core Investment Company part of the Group, hence, the requirement to report on clause 3(xvi)(d) of the Order is not applicable to the Company..
- xvii) Based on information and explanations provided to us and our audit procedures, the company has incurred cash losses amounting to Rs. 1,746.68 lakhs during the financial year and incurred cash losses in the immediately preceding financial year amounting Rs.754.94 lakhs.

- xviii) There has been resignation of the statutory auditors during the year and we have taken into consideration the issues, objections or concerns raised by the outgoing auditors.
- xix) According to the information and explanations given to us and on the basis of the financial ratios(Note No 48), ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans (Note No 52) and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- xx) As the company does not meet the eligible criteria as specified under section 135 of the Companies Act, 2013. Accordingly, clause 3(xx) of the Order is not applicable.
- xxi) The reporting under clause 3(XXI) of the Order is not applicable in respect of audit of financial statements. Accordingly, no comment in respect of the said clause has been included in this report

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of A-ONE GOLD PIPES & TUBES PRIVATE LIMITED of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **A-ONE GOLD PIPES & TUBES PRIVATE LIMITED** ("the Company") as of March 31, 2025 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI')". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting with reference to these financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to these financial

statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting with reference to these financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting with reference to these financial statements included obtaining an understanding of internal financial controls over financial reporting with reference to these financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting with reference to these financial statements.

Meaning of Internal Financial Controls over financial reporting with reference to these financial statements

A company's internal financial control over financial reporting with reference to these financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over financial reporting with reference to these financial statements

Because of the inherent limitations of internal financial controls over financial reporting with reference to these financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over

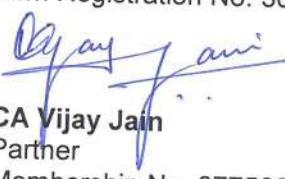

financial reporting with reference to these financial statements to future periods are subject to the risk that the internal financial control over financial reporting with reference to these financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting with respect to these financial statements and such internal financial controls over financial reporting were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

A-One Gold Pipes and Tubes Private Limited
Notes to the Financial Statements for the year ended March 31, 2025

Company Overview:

1. A-One Gold Pipes and Tubes Private Limited is a private limited company domiciled in India, with its registered office situated at A One House No. 326, Front Portion, First Floor, CQAL Layout, Ward No. 08, Sahakar Nagar, Bangalore – 560092. The Company was incorporated on October 16, 2020. The Company is engaged in manufacturing, processing and trading of Pipes, Iron & Steel including Ingots.

2. Material Accounting Policies

(i) Statement of compliance:

The material accounting policies adopted for preparation and presentation of these financial statements are listed below. These policies have been applied consistently by the Company for all the periods presented in these financial statements, unless otherwise indicated.

These Standalone financial statements ("the Financial Statements") have been prepared in accordance with the Indian Accounting Standards ('Ind AS') as notified by Ministry of Corporate Affairs ('MCA') under Section 133 of the Companies Act, 2013 ('Act') read with the Companies (Indian Accounting Standards) Rules, 2015, as amended and other relevant provisions of the Act.

The financial statements for the year ended March 31, 2025 were authorised and approved for issue by the Board of Directors on August 1, 2025.

(ii) (A) Basis of Preparation

The financial statements have been prepared under the historical cost convention with the exception of certain assets and liabilities that are required to be carried at fair value by Ind AS.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

(ii) (B) Current and non-current classification

All assets and liabilities have been classified and presented as current or non-current in accordance with the Company's normal operating cycle, which is based on the nature of business and the time elapsed between deployment of resources and the realisation of cash and cash equivalents. The company has considered an operating cycle of 12 months.

(ii) (C) Functional and presentation currency

These financial statements are presented in Indian Rupees (₹), which is also the Company's functional currency. All amounts have been rounded-off to the nearest lacs, unless otherwise indicated.

A-One Gold Pipes and Tubes Private Limited
Notes to the Financial Statements for the year ended March 31, 2025

(ii) (D) Basis of measurement

The financial statements have been prepared on the historical cost basis except for the following items:

Items	Basis of measurement
Certain financial assets and liabilities	Fair value
Net defined benefit liability/asset	Present value of defined benefit obligation less fair value of plan asset

(ii) (E) Use of estimates and judgements

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the related disclosures. Actual results may differ from these estimates.

Significant management judgements:

- **Recognition of deferred tax assets** – The extent to which deferred tax assets can be recognised is based on an assessment of the probability of the future taxable income against which the deferred tax assets can be utilised.
- **Business model assessment** – The Company determines the business model at a level that reflects how groups of financial assets are managed together to achieve a business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Company monitors financial assets measured at amortised cost that are derecognised prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Company's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and accordingly prospective change to the classification of those assets are made.
- **Evaluation of indicators for impairment of assets** – The evaluation of applicability of indicators of impairment of assets requires assessment of several external and internal factors which could result in deterioration of recoverable amount of the assets.
- **Classification of leases** – Ind AS 116 requires lessees to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease if the use of such option is reasonably certain. The Company makes an assessment on the expected lease term on a lease-by-lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to the Company's operations taking into account the location of the underlying asset and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances. After considering current and future economic conditions, the Company has concluded that no changes are required to lease period relating to the existing lease contract.

A-One Gold Pipes and Tubes Private Limited
Notes to the Financial Statements for the year ended March 31, 2025

- **Expected credit loss (ECL)** – The measurement of expected credit loss allowance for financial assets measured at amortised cost requires use of complex models and significant assumptions about future economic conditions and credit behaviour (e.g., likelihood of customers defaulting and resulting losses). The Company makes significant judgements regarding the following while assessing expected credit loss:
 - Determining criteria for significant increase in credit risk
 - Establishing the number and relative weightings of forward-looking scenarios for each type of product/market and the associated ECL
 - Establishing groups of similar financial assets for the purposes of measuring ECL.
- **Provisions and Contingent Liabilities** – At each Balance Sheet date, based on the management judgment, changes in facts and legal aspects, the Company assesses the requirement of provisions against the outstanding contingent liabilities. However, the actual future outcome may be different from this judgement.
- **Useful lives of depreciable/amortisable assets** – Management reviews its estimate of useful lives, residual values, and method of depreciation of depreciable/amortisable assets at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technical and economic obsolescence that may change the utility of assets.
- **Defined benefit obligation (DBO)** – Management's estimate of the DBO is based on several underlying assumptions such as standard rates of inflation, mortality, discount rate and anticipation of future salary increases. Variation in these assumptions may significantly impact the DBO amount and the annual defined benefit expenses.
- **Fair value measurements** – Management applies valuation techniques to determine the fair value of financial instruments (where active market quotes are not available). This involves developing estimates and assumptions consistent with how market participants would price the instrument.
- **Retirement benefit obligations** - The Company's retirement benefit obligations are subject to a number of assumptions including discount rates, inflation, salary growth and mortality rate. Significant assumptions are required when setting these criteria and a change in these assumptions would have a significant impact on the amount recorded in the Company's balance sheet and the statement of profit and loss. The Company sets these assumptions based on previous experience and third-party actuarial advice. The assumptions are reviewed annually and adjusted following actuarial and experience changes.

(ii) Revenue

The Company has applied Ind AS 115 which establishes a comprehensive framework for determining whether, how much and when revenue is to be recognized. The Standard requires apportioning revenue earned from contracts to individual promises, or performance obligations, on a relative stand-alone selling price basis, using a five-step model.

Revenue from sale of goods

Revenue is recognised upon transfer of control of promised product or services to customer in an amount that reflect the consideration which the Company expects to receive in exchange for those product or services at the fair value of the consideration received or receivable, which is generally the transaction price, net of any taxes/duties and discounts.

A-One Gold Pipes and Tubes Private Limited
Notes to the Financial Statements for the year ended March 31, 2025

The Company satisfies a performance obligation and recognises revenue over time, if one of the following criteria is met:

- a. The customer simultaneously receives and consumes the benefits provided by the Company's performance as the Company performs; or
- b. The Company's performance creates or enhances an asset that the customer controls as the asset is created or enhanced; or
- c. The Company's performance does not create an asset with an alternative use to the Company and an entity has an enforceable right to payment for performance completed to date.

For performance obligations where one of the above conditions are not met, revenue is recognised at the point in time at which the performance obligation is satisfied.

Revenue from sale of products is recognised at a time on which the performance obligation is satisfied.

Recognition in case of local sales is generally recognised on the dispatch of goods. Revenue from export sales is generally recognised on the basis of the dates of 'On Board Bill of Lading'. The Company recognises provision for sales return, based on the historical results, measured on net basis of the margin of the sale.

Variable consideration - This includes incentives, volume rebates, discounts etc. It is estimated at contract inception considering the terms of various schemes with customers and constrained until it is highly probable that a significant revenue reversal in the amount of cumulative revenue recognised will not occur when the associated uncertainty with the variable consideration is subsequently resolved. It is reassessed at end of each reporting period.

Significant financing component - Generally, the Company receives short-term advances from its customers. Using the practical expedient in Ind AS 115, the Company does not adjust the promised amount of consideration for the effects of a significant financing component if it expects, at contract inception, that the period between the transfer of the promised good or service to the customer and when the customer pays for that good or service will be one year or less.

Contract balances:

Trade Receivables and Contract Assets

A trade receivable is recognised when the products are delivered to a customer and consideration becomes unconditional. Contract assets are recognized when the company has a right to receive consideration that is conditional other than the passage of time.

Contract liabilities:

Contract liabilities are Company's obligation to transfer goods or services to a customer for which the entity has already received consideration. Contract liabilities are recognised as revenue when the company satisfies its performance obligation under the contract.

Other operating income

Export benefits are recognised in the year of export when right to receive the benefit is established and conditions attached to the benefits are satisfied.

A-One Gold Pipes and Tubes Private Limited
Notes to the Financial Statements for the year ended March 31, 2025

(iii) Other income

Interest income

Interest income on time deposits and inter corporate loans is recognised using the effective interest method.

The 'effective interest rate' is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument to the gross carrying amount of the financial asset.

Commission income

Commission income are recognised in Statement of Profit or Loss only when the relevant services have been rendered.

(iv) Employee Benefits

Short term employee benefits:

Short term employee benefit obligations are measured on an undiscounted basis and are expenses off as the related services are provided. Benefits such as salaries, wages, and bonus etc. are recognised in the statement of profit and loss in the year in which the employee renders the related service. The liabilities are presented as current employee benefit obligation in the balance sheet.

Long term employee benefits:

Defined contribution plan: Provident fund

All employees of the Company are entitled to receive benefits under the Provident Fund, which is a defined contribution plan. Both the employee and the employer make monthly contributions to the plan at a predetermined rate as per the provisions of The Employees Provident Fund and Miscellaneous Provisions Act, 1952. These contributions are made to the fund administered and managed by the Government of India. The Company has no further obligations under the plan beyond its monthly contributions. Obligation for contribution to defined contribution plan are recognised as an employee benefit expense in statement of profit and loss in the period during which the related services are rendered by the employees.

Defined Benefit Plan: Gratuity

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan.

The Company provides for retirement benefits in the form of Gratuity, which provides for lump sum payments to vested employees on retirement, death while in service or on termination of employment in an amount equivalent to 15 days basic salary for each completed year of service. Vesting occurs upon completion of five years of service. Benefits payable to eligible employees of the Company with respect to gratuity is accounted for on the basis of an actuarial valuation as at the balance sheet date.

The present value of such obligation is determined by the projected unit credit method and adjusted for past service cost and fair value of plan assets as at the balance sheet date through which the obligations are to be settled. The resultant actuarial gain or loss on change in present value of the defined benefit obligation or change in return of the plan assets is recognised as an income or expense in the other comprehensive income. The Company's obligation in respect of defined benefit plans is calculated by estimating the amount of future benefit

A-One Gold Pipes and Tubes Private Limited
Notes to the Financial Statements for the year ended March 31, 2025

that employees have earned in the current and prior periods, discounting that amount and deducting the fair value of any plan assets.

The Company determines the net interest expense/(income) on the net defined benefit liability/(asset) for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the then-net defined benefit liability/(asset), taking into account any changes in the net defined benefit liability/(asset) during the period as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognised in the statement of profit and loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service ('past service cost' or 'past service gain') or the gain or loss on curtailment is recognised immediately in the statement of profit and loss. The Company recognises gains and losses on the settlement of a defined benefit plan when the settlement occurs.

Other long-term benefits: Compensated absences

Benefits under the Company's compensated absences scheme constitute other employee benefits. The liability in respect of compensated absences is provided on the basis of an actuarial valuation using the Projected Unit Credit Method done by an independent actuary as at the balance sheet date. Actuarial gain and losses are recognised immediately in other comprehensive income.

(v) Tax expense

Income tax comprises current and deferred tax. It is recognised in the statement of profit and loss except to the extent that it relates to a business combination or to an item recognised directly in equity or in other comprehensive income.

Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognised in respect of carried forward tax losses and tax credits. Deferred tax is not recognised for:

- temporary differences arising on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss at the time of the transaction;
- taxable temporary differences arising on the initial recognition of goodwill.

Deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which they can be used. The existence of unused tax losses is strong evidence that future taxable profit

A-One Gold Pipes and Tubes Private Limited
Notes to the Financial Statements for the year ended March 31, 2025

may not be available. Therefore, in case of a history of recent losses, the Company recognises a deferred tax asset only to the extent that it has sufficient taxable temporary differences or there is convincing other evidence that sufficient taxable profit will be available against which such deferred tax asset can be realised. Deferred tax assets – unrecognised or recognised, are reviewed at each reporting date and are recognised/ reduced to the extent that it is probable/ no longer probable respectively that the related tax benefit will be realised.

(vi) Inventories

Inventories comprise the followings:

- a) Raw materials,
- b) Work-in-progress,
- c) Finished and semi-finished goods
- d) Stock-in-trade, and
- e) Stores and spares.

Inventories are valued at lower of cost or net realisable value. The comparison of cost and net realisable value is made on an item by item basis. Cost comprises of all cost of purchase, cost of conversion and other cost incurred in bringing them to their respective present location and condition. Cost is determined using first in, first out method of inventory valuation.

Loose tools and scrap are valued at estimated realisable value.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

Provision of obsolescence on inventories is considered on the basis of management's estimate based on demand and market of the inventories.

(vii) Cash and cash equivalents

Cash and cash equivalents consist of cash, bank balances in current accounts and short term highly liquid investments that are readily convertible to cash with original maturities of three months or less at the time of purchase and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in current financial liabilities in the balance sheet.

(viii) Provisions, contingent liabilities, and contingent assets

Provisions

The Company creates a provision when there is present obligation as a result of a past event that probably requires an outflow of resources, and a reliable estimate can be made of the amount of obligation.

If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows (representing the best estimate of the expenditure required to settle the present obligation at the balance sheet date) at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as finance cost.

A-One Gold Pipes and Tubes Private Limited
Notes to the Financial Statements for the year ended March 31, 2025

Contingent liability

Contingent liabilities are possible obligations that arise from past events and whose existence will only be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote.

Contingent assets

Contingent assets are not recognised in financial statements since this may result in the recognition of income that may never be realised. However, when the realisation of income is virtually certain, then the related asset is not a contingent asset and is recognised. A contingent asset is disclosed, in financial statements, where an inflow of economic benefits is probable.

(ix) Property, plant and equipment (including Capital work-in-progress)

Recognition and measurement

All items of property, plant and equipment are stated at historical cost (or) deemed cost applied on transition to Ind AS less depreciation and impairment. Freehold land is carried at cost. All other items of property, plant and equipment are stated at cost net of recoverable taxes (wherever applicable), which includes capitalised borrowing costs less depreciation and impairment, if any.

Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, if any, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

Borrowing costs incurred during the period of construction is capitalized as part of cost of qualifying asset.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment. Any gain or loss on disposal of an item of property, plant and equipment is recognised in the statement of profit and loss.

On transition to Ind AS, the Company had elected to continue with carrying value of all its property, plant and equipment recognised as at 1 April 2020 measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

Advance given towards acquisition (or) construction of property, plant and equipment outstanding at each reporting date are disclosed as capital advances under "Other Non-current assets".

Subsequent expenditure

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced.

A-One Gold Pipes and Tubes Private Limited
Notes to the Financial Statements for the year ended March 31, 2025

All other repairs and maintenance are charged to the Statement of Profit and Loss during the reporting period in which they are incurred.

Depreciation methods, estimated useful lives and residual values

Depreciation is calculated on cost of items of property, plant and equipment less their estimated residual value over their useful life using straight line method and is recognised in the statement of profit and loss.

The estimated useful lives of items of property, plant and equipment for the current and comparative periods are as under and the same are equal to lives specified as per schedule II of the Act.

The useful lives of the assets are as under:

Particulars	Useful lives (in years)
Tangible assets:	
Land	Not depreciable asset
Factory sheds and building	30 & 60 years
Plant and equipment	15 & 25 years
Furniture and fixtures	10 years
Office equipments	3 & 5 years
Vehicles	8 & 10 years

Based on technical evaluation and consequent advice, the management believes that its estimates of useful lives as given above best represent the period over which management expects to use these assets. Depreciation on addition to property, plant and equipment is provided on pro-rata basis from the date the assets are ready for intended use. Depreciation on sale/discard from property, plant and equipment is provided for up to the date of sale, deduction or discard of property, plant and equipment as the case may be.

Depreciation method, useful lives and residual values are reviewed at each financial year-end, and changes, if any, are accounted for prospectively.

(x) Leases

As lessee

The Company's lease asset classes primarily consist of leases for land and buildings. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use (ROU) asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of 12

A-One Gold Pipes and Tubes Private Limited
Notes to the Financial Statements for the year ended March 31, 2025

months or less (short-term leases) and low value leases. For these short-term and low-value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease. Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The ROU assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

ROU assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. ROU assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related ROU asset if the Company changes its assessment of whether it will exercise an extension or a termination option.

Lease liability and ROU assets have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

(xi) Impairment of non-financial assets

The Company's non-financial assets, other than inventories and deferred tax assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's or CGU's recoverable amount is estimated.

For impairment testing, assets that do not generate independent cash inflows are grouped together into cash-generating units (CGUs). Each CGU represents the smallest group of assets that generates cash inflows that are largely independent of the cash inflows of other assets or CGUs.

The recoverable amount of a CGU (or an individual asset) is the higher of its value in use and its fair value less costs to sell. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the CGU (or the asset).

An impairment loss is recognised if the carrying amount of an asset or CGU exceeds its estimated recoverable amount. Impairment losses are recognised in the statement of profit and loss. Impairment loss recognised in respect of a CGU is allocated first to reduce the carrying amount of any goodwill allocated to the CGU, and then to reduce the carrying amounts of the other assets of the CGU (or group of CGUs) on a pro rata basis.

A-One Gold Pipes and Tubes Private Limited
Notes to the Financial Statements for the year ended March 31, 2025

After impairment, depreciation/amortisation is provided on the revised carrying amount of the asset over its remaining useful life.

(xii) Government Grants

Government grants are not recognised until there is reasonable assurance that the Company will comply with the conditions attached to them and that the grants will be received. Where the monetary grant relates to an asset, it is recognised as income and is allocated to Statement of Profit and Loss on a systematic basis over the useful life of the asset.

(xiii) Borrowing costs

Borrowing costs are interest and other costs incurred in connection with the borrowing of funds. Borrowing costs directly attributable to acquisition or construction of an asset which necessarily take a substantial period of time to get ready for their intended use are capitalised as part of the cost of that asset. Other borrowing costs are recognised as an expense in the period in which they are incurred.

(xiv) Financial instruments

Initial recognition and measurement

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit and loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability. The transaction costs directly attributable to the acquisition of financial assets and financial liabilities at fair value through profit and loss are immediately recognised in the statement of profit and loss. Trade receivables that do not contain a significant financing component are measured at transaction price.

Classification and subsequent measurement

Financial assets

On initial recognition, a financial asset is classified as measured at:

- amortised cost,
- Fair value through other comprehensive income (FVOCI), or
- Fair value through profit and loss (FVTPL)

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and

A-One Gold Pipes and Tubes Private Limited
Notes to the Financial Statements for the year ended March 31, 2025

- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A debt investment is measured at FVOCI if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI (designated as FVOCI – equity investment). This election is made on an investment by investment basis.

All financial assets not classified to be measured at amortised cost or FVOCI as described above are measured at FVTPL. This includes all derivative financial assets. On initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVOCI or at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

In order to meet the requirements of the Electricity Act 2003 and the Electricity Rules 2005 regarding consumption of Electricity in captive generating plants, the Company enters into exchange barter transactions by either selling or purchasing equity shares between group companies. The Company has opted to recognize and classify such financial assets as Financial Assets through Other Comprehensive Income (FVTOCI) in the financial statements. Considering the fact that these are intra-group transactions entered into only to meet regulatory requirements, the Company measures these assets at cost which is considered to be the fair value.

Financial assets: Business model assessment

The Company makes an assessment of the objective of the business model in which a financial asset is held at a portfolio level because this best reflects the way the business is managed and information is provided to management. The information considered includes:

- the stated policies and objectives for the portfolio and the operation of those policies in practice. These include whether management's strategy focuses on earning contractual interest income, maintaining a particular interest rate profile, matching the duration of the financial assets to the duration of any related liabilities or expected cash outflows or realising cash flows through the sale of the assets;
- how the performance of the portfolio is evaluated and reported to the Company's management;
- the risks that affect the performance of the business model (and the financial assets held within that business model) and how those risks are managed;
- how managers of the business are compensated – e.g., whether compensation is based on the fair value of the assets managed or the contractual cash flows collected; and
- the frequency, volume and timing of sales of financial assets in prior periods, the reasons for such sales and expectations about future sales activity.

Transfers of financial assets to third parties in transactions that do not qualify for derecognition are not considered sales for this purpose, consistent with the Company's continuing recognition of the assets

Financial assets that are held for trading or are managed and whose performance is evaluated on a fair value basis are measured at FVTPL.

A-One Gold Pipes and Tubes Private Limited
Notes to the Financial Statements for the year ended March 31, 2025

Financial assets: Assessment whether contractual cash flows are solely payments of principal and interest

For the purposes of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g., liquidity risk and administrative costs), as well as a profit margin.

In assessing whether the contractual cash flows are solely payments of principal and interest, the Company considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making this assessment, the Company considers:

- contingent events that would change the amount or timing of cash flows;
- terms that may adjust the contractual coupon rate, including variable interest rate features; prepayment and extension features; and
- terms that limit the Company's claim to cash flows from specified assets (e.g., non- recourse features).

A prepayment feature is consistent with the solely payments of principal and interest criterion if the prepayment amount substantially represents unpaid amounts of principal and interest on the principal amount outstanding, which may include reasonable additional compensation for early termination of the contract. Additionally, for a financial asset acquired at a significant discount or premium to its contractual par amount, a feature that permits or requires prepayment at an amount that substantially represents the contractual par amount plus accrued (but unpaid) contractual interest (which may also include reasonable additional compensation for early termination) is treated as consistent with this criterion if the fair value of the prepayment feature is insignificant at initial recognition.

Financial assets: Subsequent measurement and gains and losses

Financial assets at amortised cost: These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses, if any. Interest income and impairment are recognised in the statement of profit and loss. Any gain or loss on derecognition is recognised in statement of profit and loss.

Financial assets at FVTPL: These assets are subsequently measured at fair value. Net gains and losses, including any interest income, are recognised in the statement of profit and loss.

Debts investments at FVOCI: These assets are subsequently measured at fair value. Interest income under the effective interest method, foreign exchange gains and losses and impairment are recognised in profit or loss. Other net gains and losses are recognised in OCI. On Derecognition, gains and losses accumulated in OCI are reclassified to profit or loss.

Equity investments at FVOCI: These assets are subsequently measured at fair value. Dividends are recognised as income in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognised in OCI and are not reclassified to profit or loss.

Financial liabilities: classification, subsequent measurement & gain and loss

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held for trading, or it is a derivative or it is designated as such on initial recognition.

A-One Gold Pipes and Tubes Private Limited
Notes to the Financial Statements for the year ended March 31, 2025

Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in the statement of profit and loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in the statement of profit and loss. Any gain or loss on derecognition is also recognised in the statement of profit and loss.

Gains and Losses on the Interest-free Loans from Promoters: Interest expense on loans availed from the promoters of the Company is charged at effective interest rate method and charged to Finance cost. The deferred income recognized at the time of initial recognition is recognized as income over the loan term on straight-line basis.

Equity Instrument

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs.

Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the assets and settle the liabilities simultaneously.

Derecognition

Financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

Financial liabilities

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire.

The Company also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognised in the statement of profit and loss.

A-One Gold Pipes and Tubes Private Limited
Notes to the Financial Statements for the year ended March 31, 2025

Impairment of financial instruments

The Company recognises loss allowances for expected credit losses on:-

- Financial assets measured at amortised cost; and
- Financial assets measured at FVOCI- debt investments

At each reporting date, the Company assesses whether financial assets carried at amortised cost and debt securities at FVOCI are credit impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred. Evidence that a financial asset is credit - impaired includes the following observable data:

- significant financial difficulty of the borrower or issuer;
- a breach of contract such as a default or being past due for agreed credit period;
- the restructuring of a loan or advance by the Company on terms that the Company would not consider otherwise;
- it is probable that the borrower will enter bankruptcy or other financial reorganisation; or
- the disappearance of an active market for a security because of financial difficulties.

Expected credit loss

Loss allowances for trade receivables are always measured at an amount equal to lifetime expected credit losses.

Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument.

12-month expected credit losses are the portion of expected credit losses that result from default events that are possible within 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months).

In all cases, the maximum period considered when estimating expected credit losses is the maximum contractual period over which the Company is exposed to credit risk.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating expected credit losses, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment and including forward looking information.

The Company assumes that the credit risk on a financial asset has increased significantly if it is more than agreed credit period.

The Company considers a financial asset to be in default when:

- the borrower is unlikely to pay its credit obligations to the Group in full, without recourse by the Group to actions such as realising security (if any is held); or
- the financial asset is past due and not recovered within agreed credit period.

A-One Gold Pipes and Tubes Private Limited
Notes to the Financial Statements for the year ended March 31, 2025

Measurement of expected credit losses

Expected credit losses are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e., the difference between the cash flows due to the Company in accordance with the contract and the cash flows that the Company expects to receive).

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets disclosed in the Balance Sheet.

Write-off

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Company determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery of amounts due.

(xv) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average numbers of equity shares outstanding during the period are adjusted for events such as bonus issue, share split or consolidation of shares.

For calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares. The dilutive potential equity shares are deemed converted into equity shares as at the beginning of the period unless they have been issued at a later date.

(xvi) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

In accordance with Ind AS 108 – Operating Segments, the operating segments used to present segment information are identified on the basis of internal reports used by the Company's Management to allocate resources to the segments and assess their performance.

Segment profit is used to measure performance as management believes that such information is the most relevant in evaluating the results of certain segments relative to other entities that operate within these industries. Inter-segment pricing is determined on an arm's length basis.

The operating segments have been identified on the basis of the nature of products/services. Further:

1. Segment revenue includes sales and other income directly identifiable with / allocable to the segment including inter-segment revenue.

A-One Gold Pipes and Tubes Private Limited
Notes to the Financial Statements for the year ended March 31, 2025

2. Expenses that are directly identifiable with / allocable to segments are considered for determining the segment result. Expenses which relate to the Company as a whole and not allocable to segments are included under unallocable expenditure.
3. Income which relates to the Company as a whole and not allocable to segments is included in unallocable income.
4. Segment assets and liabilities include those directly identifiable with the respective segments. Unallocable assets and liabilities represent the assets and liabilities that relate to the Company as a whole and not allocable to any segment.

The Board of Director(s) are collectively the Company's 'Chief Operating Decision Maker' or 'CODM' within the meaning of Ind AS 108.

(xvii) Intangible Assets

Intangible assets are carried at cost less accumulated amortisation and impairment losses, if any. The cost of an intangible asset comprises its purchase price, including any import duties and other taxes (other than those subsequently recoverable from the taxing authorities), and any directly attributable expenditure on making the asset ready for its intended use and net of any trade discounts and rebates. Subsequent expenditure on an intangible asset after its purchase / completion is recognised as an expense when incurred unless it is probable that such expenditure will enable the asset to generate future economic benefits in excess of its originally assessed standards of performance and such expenditure can be measured and attributed to the asset reliably, in which case such expenditure is added to the cost of the asset.

Intangible assets under development

Expenditure on research and development eligible for capitalisation are carried as intangible assets under development where such assets are not yet ready for their intended use. An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in profit or loss when the asset is derecognised.

Useful lives of intangible assets

Computer Software's & other intangible assets is being depreciated on Straight line method based on the method as prescribed under Schedule II of the Companies Act 2013.

Intangible assets	Useful lives (in years)
Software	3 Years

(xvii) Material Accounting Policy Information

The Company adopted Disclosure of accounting policies (Amendments to Ind AS 1) from 1 April 2023. Although the amendments did not result in any changes in the accounting policies themselves, they impacted the accounting policy information disclosed in the financial statements.

The amendments require the disclosure of "material" rather than "significant" accounting policies. The amendments also provide guidance on the application of materiality to disclosure of accounting policies, assisting entities to provide useful, entity-specific accounting policy information that users need to understand other information in the financial statements.

Market value of unquoted investments	196.00	196.00

(ii) For explanation on the Company's credit risk management process, refer note 45.
(iii) There are no significant restrictions on the right of ownership, realisability of investments or the remittance of income and proceeds of
(iv) The Company had invested in equity shares of FPEL Celestial Private Limited for procurement of power towards captive consumption. The
management anticipates that the termination of contract in future (if any) would be at cost i.e. the amount invested. The investment has been
made only for procuring the power and not for any financial benefit. However, considering the above facts, cost of investment has been
considered as its fair value which is same as book value.

...Continued from previous page

Fair value hierarchy

Level 1: It includes financial instruments measured using quoted prices.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. The fair value of financial assets and liabilities included in Level 3 is determined in accordance with generally accepted pricing models based on discounted cash flow analysis using prices from observable current market transactions and dealer quotes of similar instruments.

The carrying amounts of trade receivables, cash and cash equivalents and other financial assets and liabilities, approximates the fair values, due to their short-term nature. Fair value of financial assets and financial liabilities is similar to the carrying value as there is no significant differences between carrying value and fair value.

Valuation processes

The Management performs the valuations of financial assets and liabilities required for financial reporting purposes on a periodic basis, including level 3 fair values.

b. Financial risk management

The Company has exposure to the following risks arising from financial instruments:

- Credit risk
- Liquidity risk
- Market risk

(i). Credit risk

The maximum exposure to credit risks is represented by the total carrying amount of these financial assets in the Balance Sheet:

Particulars	As at March 31, 2025	As at March 31, 2024
Investments	196.00	196.00
Trade Receivables	4,553.35	1,939.63
Cash and cash equivalents	15.32	13.54
Bank balances other than cash and cash equivalents	475.89	203.47
Loans	5.17	1.70
Other financial assets	346.34	39.66

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers.

The Company's credit risk is primarily to the amount due from customers and loans. The Company maintains a defined credit policy and monitors the exposures to these credit risks on an ongoing basis. Credit risk on cash and cash equivalents is limited as the Company generally invests in deposits with scheduled commercial banks with high credit ratings assigned by domestic credit rating agencies.

The maximum exposure to the credit risk at the reporting date is primarily from trade receivables. Trade receivables are unsecured and are derived from revenue earned from customers primarily located in India. The Company does monitor the economic environment in which it operates and the Company manages its Credit risk through credit approvals, establishing credit limits and continuously monitoring credit worthiness of customers to which the Company grants credit terms in the normal course of business.

On adoption of Ind AS 109, the Company uses expected credit loss model to assess the impairment loss or gain. The Company establishes an allowance for impairment that represents its expected credit losses in respect of trade receivable. The management uses a simplified approach (i.e. based on lifetime ECL) for the purpose of impairment loss allowance, the Company estimates amounts based on the business environment in which the Company operates, and management considers that the trade receivables are in default (credit impaired) when counter party fails to make payments as per terms of sale/service agreements. However the Company based upon historical experience determine an impairment allowance for loss on receivables.

When a trade receivable is credit impaired, it is written off against trade receivables and the amount of the loss is recognised in the income statement. Subsequent recoveries of amounts previously written off are credited to the income statement.

The gross carrying amount of trade receivables is disclosed in Note 11

The Company's exposure to credit risk for trade receivables are as follows:

Particulars	As at March 31, 2025	As at March 31, 2024
Not due	-	-
0-90 days past due	4,005.68	1,491.86
90 to 180 days past due	157.49	152.21
180-365 days	336.98	283.32
365-730 days	296.18	21.26
More than 730 days	7.79	-
Total	4,814.12	1,948.65

Balance at the end	260.77	9.02

Incentives receivable from the Government

The Company has manufacturing units in Karnataka are eligible for incentives under the respective State Industrial Policy. The Company is confident about the ultimate realisation of the dues from the State Governments and there is no risk of default.

	For the year ended March 31, 2025	For the year ended March 31, 2024
Movement of Incentives under Government Schemes	-	-
Balance at the beginning	40.25	-
Incentive Accrued	209.75	-
Deferred Government Grant	-	-
Incentive Received	-	-
Balance at the end	250.00	-

The sanction of this capital subsidy for ETP is subject to following conditions:

1. If the State Government is satisfied that the 50% capital subsidy has been obtained by misrepresentation of the essential facts, furnishing of false information or if the enterprise goes out of production within one year after receipt of subsidy, the State Government shall have the right to claim refund of the capital subsidy of Rs. 250 Lakhs sanctioned, together with interest as the State Government may charge.

2. The grantee shall not change the location of the whole or any part of the industrial enterprise or effect any contraction or disposal of a part of its total fixed capital investment within a period of one year after the enterprise receives this grant.

(ii). Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are fallen due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of credit facilities to meet obligations when due. The Company's policy is to regularly monitor its liquidity requirements to ensure that it maintains sufficient reserves of cash and funding from Company companies to meet its liquidity requirements in the short and long term.

The Company's liquidity management process as monitored by management, includes the following:

- Day to Day funding, managed by monitoring future cash flows to ensure that requirements can be met.
- Maintaining rolling forecasts of the Company's liquidity position on the basis of expected cash flows.

Exposure to liquidity risk

The following are the remaining contractual maturities of financial liabilities at the reporting date:

As at March 31, 2025	Carrying amount*	Contractual cash flows			
		Less than one year	Between one to five years	More than five years	Total
Borrowings	11,750.44	3,881.16	8,044.90	3,319.90	15,245.96

Notes to the financial statements for the year ended March 31, 2025

(All amounts are in ₹ Lacs, unless stated otherwise)

(iii). Market risk

Market risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises nine types of risk: interest rate risk, currency risk and other price risk, the Company mainly has exposure to two type of market risk namely: currency risk and interest rate risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

a. Interest rate risk

Interest rate risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's main interest rate risk arises from long-term borrowings with variable rates, which expose the Company to cash flow interest rate risk.

Exposure to interest rate risk

The Company's interest rate risk arises majorly from the term loans from banks carrying floating rate of interest. These obligations exposes the Company to cash flow interest rate risk. The exposure of the Company's borrowing to interest rate changes as reported to the management at the end of the reporting period are as follows:

Variable-rate instruments	As at	As at
	March 31, 2025	31-Mar-24
Term loans from banks & FIs	2,291.67	3,047.35
Cash Credit from Banks (Secured)	1,001.85	1,811.38
Total	3,293.52	4,858.73

Cash flow sensitivity analysis for variable-rate instruments

The sensitivity analyses below have been determined based on the exposure to interest rates at the end of the reporting period.

For floating rate liabilities, the analysis is prepared assuming the amount of the liability outstanding at the end of the reporting period was outstanding for the whole year. A 50 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates.

	Profit or loss		Equity, net of tax	
	50 bps increase	50 bps decrease	50 bps increase	50 bps decrease
Term loans from banks & FIs				
For the year ended March 31, 2025		(11.46)	11.46	(8.57)
For the year ended March 31, 2024		(15.24)	15.24	(11.40)
Cash credit from banks				
For the year ended March 31, 2025		(5.01)	5.01	(3.75)
For the year ended March 31, 2024		(9.06)	9.06	(6.78)

b. Currency risk

Currency risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Company is exposed to the effects of fluctuation in the prevailing foreign currency exchange rates on its financial position and cash flows to the extent of earnings and expenses in foreign currencies. Exposure arises primarily due to exchange rate fluctuations between the functional currency and other currencies from the Company's operating, investing and financing activities.

Exposure to foreign currency risk

The Company has no foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period, therefore, there is no exposure to currency risk.

46 Capital management

For the purpose of the Company's capital management, capital includes issued equity share capital and all other equity reserves.

Management assesses the Company's capital requirements in order to maintain an efficient overall financing structure. The Company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets.

To maintain or adjust the capital structure, the Company may return capital to shareholders, raise new debt or issue new shares.

The Company monitors capital on the basis of the debt to capital ratio, which is calculated as interest-bearing debts divided by total capital (equity attributable to owners of the parent plus interest-bearing debts).

	As at March 31, 2025	As at March 31, 2024
Borrowings	7,168.96	4,858.73
Less: Cash and bank balances	491.21	217.01
Adjusted net debt (A)	6,677.75	4,641.72
 Total equity (B)	 (4,809.01)	 (2,071.45)
 Adjusted net debt to adjusted equity ratio (A/B)	 (1.39)	 (2.24)

June 2023	2,000.00	1,856.02	6,107.67	6,107.12	0.55	Refer footnotes
September 2023	2,000.00	1,942.19	6,041.52	5,998.31	43.21	Refer footnotes
December 2023	2,000.00	1,932.81	3,118.46	3,118.46	-	Refer footnotes
March 2024	2,000.00	1,811.38	2,741.39	2,887.87	(146.48)	Refer footnotes

Notes:

- The differences are on account of statement filed with the banks prepared based on provisional basis and regrouping of various ledgers.
- While arriving the drawing power the creditors are adjusted from bank balances available as on respective quarters and net debtors submitted to bank after excluding more than 90 days.
- The Company has a practice of submitting net position of debtors, advances to suppliers, inventory and deducting creditors, advance from customers. Therefore for comparing with the books of accounts the same practice has been followed to arrive at the net position though there is a change in classification in the financial statements.

51 Employee benefits

I. Defined contribution plans:

The Company makes contributions, determined as a specified percentage of employee salaries, in respect of qualifying employees towards provident fund and labour welfare fund which are defined contribution plans. The Company has no obligations other than to make the specified contributions. The contributions are charged to the statement of profit and loss as they accrue.

Expense under defined contribution plans include:

Employer's contribution to provident fund

	For the year ended March 31, 2025	For the year ended March 31, 2024
	4.21	3.59
	4.21	3.59

II. Defined benefit plans:

Gratuity

The Company operates a post-employment defined benefit plan for Gratuity. This plan entitles an employee to receive half month's salary for each year of completed service at the time of retirement/exit.

The present value of obligation is determined based on actuarial valuation using the projected unit credit method, which recognise each period of service as giving rise to additional employee benefit entitlement and measures each unit separately to build up the final obligation.

The most recent actuarial valuation of plan assets and the present value of the defined benefit obligation for gratuity were carried out as at March 31, 2025. The present value of the defined benefit obligations and the related current service cost and past service cost, were measured using the projected unit credit method.

The principal assumptions are the discount rate and salary growth rate. The discount rate is based upon the market yields available on government bonds at the accounting date with a term that matches that of liabilities. Salary increase rate takes into account of inflation, seniority, promotion and other relevant factors on long term basis. Valuation assumptions are as follows which have been selected by the Company.

	March 31, 2025	March 31, 2024
Discount rate	6.95%	7.15%
Expected rate of future salary increase	10% for the first three years and 7% thereafter	10% for the first three years and 7% thereafter
Expected rate of attrition	1% - 3%	1% - 3%
Mortality	IALM 2012-14	IALM 2012-14

E. Sensitivity analysis

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below:

	March 31, 2025		31-Mar-24	
	Increase	Decrease	Increase	Decrease
Discount rate (1.00% movement)	13.07	19.74	9.04	13.66
Future salary growth (1.00% movement)	19.68	13.06	13.63	9.03
Attrition rate (50.00% of attrition rate movement)	15.57	16.40	10.82	11.30
Mortality Rate (10.00% of mortality rate movement)	15.98	15.98	11.06	11.06

Although the analysis does not take account of the full distribution of cash flows expected under the plan, it does provide an approximation of the sensitivity of the assumptions shown.

Sensitivities as to rate of inflation, rate of increase of pensions in payment, rate of increase of pensions before retirement and life expectancy are not applicable being a lump sum benefit on retirement.

Description of Risk Exposures:

Valuations are based on certain assumptions, which are dynamic in nature and vary over time. As such the Company is exposed to various risks as follows:

- Salary increase:** Actual salary increases will increase plan's liability. Increase in salary increase rate assumption in future valuations will also increase the liability.
- Discount rate:** Reduction in discount rate in subsequent valuations can increase the plan's liability.
- Mortality & disability:** Actual deaths & disability cases proving lower or higher than assumed in the valuation can impact the liabilities.
- Withdrawals:** Actual withdrawals proving higher or lower than assumed withdrawals and change of withdrawal rates at subsequent valuations can impact the plan's liability.

F. Expected maturity analysis of the defined benefit plans in future years:

III. Defined benefit plans:

Earned Leave Plan

The Company operates an Earned Leave Plan. This plan entitles an employee the right to accumulate and carry forward his leave to a future period or encash the leave.

The present value of obligation is determined based on actuarial valuation using the projected unit credit method, which recognise each period of service as giving rise to additional employee benefit entitlement and measures each unit separately to build up the final obligation.

The most recent actuarial valuation of the present value of the Leave Liability for Leave Encashment were carried out as at March 31, 2025. The present value of the Leave Liability and the related current service cost and past service cost, were measured using the projected unit credit method.

A. Net defined benefit liability/(asset)

Present value of obligations	3.74	2.51
Fair value of plan assets	-	-
Total employee benefit liabilities/(assets)	3.74	2.51

Non-current	3.67	2.45
Current	0.07	0.06

B. The details of the defined benefit plans and the amounts recognized in the financial statements as at March 31, 2025 are as follows:

Particulars

Present Value of Obligation at the end	3.74	2.51
Fair Value of Plan Assets	-	-
Surplus / (Deficit)	(3.74)	(2.51)
Effects of Asset Ceiling, if any	-	-
Net Asset / (Liability)	(3.74)	(2.51)

C. The amount for the period ended March 31, 2025 recognised in the statement of Profit and Loss account under employee benefit expenses is as follows :

Present value of obligation as at the beginning	2.51	-
Present value of obligation as at the end	3.74	2.51
Benefit Payment	-	-
Actual return on plan assets	-	-
Transfer In / (Out)	-	-
1.23	2.51	

D. Plan assets

Plan assets comprises of the following:

52 Going Concern

The Company has incurred a loss of Rs. 2,740.53 lakhs for the year ended March 31, 2025 and its net worth stands at negative Rs. 4,809.01 lakhs. As at March 31, 2025, the outstanding external debt from banks and others (including interest accrued but not due) of the Company is Rs. 6,674.71 Lakhs. As of date, the Company has met all its debt obligations payable to its lenders / banks and financial institutions along with applicable interest. Also, the key vendors have agreed for deferred payment of their dues. Further, the Company has undertaken several strategic initiatives aimed at cost savings and revenue optimization including diversification into new business segments and new markets which is expected to enhance overall operating performance. In addition, the Company remains committed to improving operational efficiency. This, along with the receipt of government subsidies for capital investments and the support from the holding company and promoters, is anticipated to contribute to sustainable cash flows and mitigate potential uncertainties. Accordingly, the financial statements have been prepared on a going concern basis, which assumes the realization of assets and the settlement of liabilities in the normal course of business. These financial statements have, therefore, been prepared on a Going Concern basis.

02	Sukanya Acharya	Rs. 60,000/-

19. COMPANY'S POLICY ON APPOINTMENT AND REMUNERATION OF DIRECTORS:

The Nomination and Remuneration Policy of the Company is to ensure that the remuneration is in line with best comparable market practices, as well as competitive vis-à-vis that of comparable companies both in India and other international markets, which will have a motivating effect to act as a driving force to ensure long term availability of talent and also retention of the best talents. A brief description about the Company's Nomination and Remuneration Policy on Directors' appointment and remuneration, including criteria for determining qualifications, positive attributes, independence of a Director and other related matters provided in Section 178(3) of the Companies Act, 2013.

20. CORPORATE GOVERNANCE:

Company places utmost importance on its fiduciary role as a guardian of stakeholders' interest and strives to achieve a mutually aligned objective of value and wealth creation for all interested parties. The Board and the Management humbly acknowledges this role and continues to propagate this belief through all layers of the organization to create an environment of accountability and trust. These responsibilities continue to be the focus of its attention through the tumultuous ride along the path of expansion, ensuring the highest standards of ethics and integrity in all its business dealings while avoiding potential conflicts of interest. The result of this is a corporate structure which serves its ever expanding business needs while maintaining transparency and adherence to the above stated beliefs.

21. NUMBER OF MEETINGS OF THE BOARD:

During the Financial year 2024-25, there were 13 Board Meetings held on following dates:

33. THE DETAILS OF APPLICATION MADE OR ANY PROCEEDING PENDING UNDER THE INSOLVENCY AND BANKRUPTCY CODE, 2016 (31 OF 2016) DURING THE YEAR ALONGWITH THEIR STATUS AS AT THE END OF THE FINANCIAL YEAR:

There is no application made or any proceeding pending under the Insolvency and Bankruptcy Code, 2013 as on 31st March, 2025.

34. THE DETAILS OF DIFFERENCE BETWEEN AMOUNT OF THE VALUATION DONE AT THE TIME OF ONE TIME SETTLEMENT AND THE VALUATION DONE WHILE TAKING LOAN FROM THE BANKS OR FINANCIAL INSTITUTIONS ALONG WITH THE REASONS THEREOF:

As on 31st March 2025, the Company did not entered transaction for One Time Settlement of loan/borrowings from Bank and obtaining valuation report on the same.

35. COMPLIANCE TO THE PROVISIONS RELATING TO THE MATERNITY BENEFITS ACT, 1961:

The company has complied with the provisions relating to the Maternity Benefit Act, 1961.

36. DECLARATION ON CODE OF CONDUCT:

Holding company of the company is in the process of IPO and being subsidiary of Holding public company, The Company has adopted the Code of Conduct for all its Senior Management Personnel and Directors and the same is affirmed by all the Board Members and Senior Management Personnel as required under Regulation 34 read with Part D of Schedule V of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. A declaration signed by Mr. Sandeep Kumar, Director of the

Company affirming the compliance with the Code of Conduct of the Company for the financial year 2024-25 has been annexed as part of this Report.

37. AUDITORS:

i) STATUTORY AUDITORS:

M/s. Singhi & Co. (FRN: 302049E), were appointed as Statutory Auditors of the company at the EGM held on 25/10/2024 to fill the casual vacancy caused by resignation of M/s. R. Singhvi & Associates (FRN: 03870S), Chartered Accountants, existing Statutory Auditors, to hold office until the conclusion of the next Annual General Meeting and to conduct the statutory audit for the financial year 2024-25. Accordingly, the Board proposed to re-appoint them for next 5 years.

AUDITOR'S REPORT: The Auditors' have issued an unqualified Report for the year ended 31st March 2024 and hence, do not call for any comments from the management under Section 134 of the Companies Act, 2013. Further, the Auditors of the Company have not reported any fraud as specified under Section 143(12) of the Act.

Following are reported in the Auditors report:

1. Point No 2 (iv)(j) of Report on Other Legal and Regulatory Requirements:

Based on our examination which included test checks, the company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. However, we found that the audit trail at the database level is editable.

Furthermore, the audit trail has been preserved by the company as per the statutory requirements for record retention for the entire period from April 1, 2023 except that the audit trail retention at the database level is available only from April 12, 2023, and at the application level only from October 2023.

Management Reply: audit trail at the database level is editable because initially software was in the implementation stage. Hence, for short period it was editable. As on the date audit trial is in uneditable version.

The marginal delay was due to the reason that as this is being the first year of implementation due to which the integration and upgradation of the new software for audit trail with the existing accounting software takes some time for proper implementation. The same is now properly implemented and integrated. Hence, maintenance of Audit Trail remains duly compiled and implemented by all operational units as on date.

2. Point No ii(b) of Annexure 'A' to the Independent Auditor's Report

The Company has been sanctioned working capital limits in excess of Rs. 5 crores in aggregate from banks and/or financial institutions during the year on the basis of security of current assets of the Company. The discrepancies, if any, between the books of accounts and the quarterly return/statements filed with such bank and financial institutions have been disclosed below:

Quarter	Aggregate working capital limits sanctioned	Amount utilized during the quarter	Amount as per books of account	Amount as reported in the quarterly return/statement	Amount of difference	Reasons for material discrepancies
June 2024	2,000.00	1,763.81	7,507.71	7,572.47	(64.76)	Refer Notes
September 2024	2,000.00	1,895.91	9,232.40	9,334.53	(102.13)	Refer Notes
December 2024	2,000.00	1,915.16	7,399.42	7,446.14	(46.72)	Refer Notes
March 2025	2,000.00	1,001.85	3,739.15	3,613.11	126.04	Refer Notes

Management Representation:

- (i) The differences are on account of statement filed with the banks prepared based on provisional basis and regrouping of various ledgers.
- (ii) While arriving the drawing power the creditors are adjusted from bank balances available as on respective quarters and net debtors submitted to bank after excluding more than 90 days.
- (iii) The Company has a practice of submitting net position of debtors, advances to suppliers, inventory and deducting creditors, advance from customers. Therefore for comparing with the books of accounts the same practice has been followed to arrive at the net position though there is a change in classification in the financial statements.

3. In Point no xvii of the Annexure A to the Independent Auditor's Report:

Based on information and explanations provided to us and our audit procedures, the company has incurred cash losses amounting to Rs.1,746.68 lakhs during the financial year and incurred cash losses in the immediately preceding financial year amounting Rs.754.94 lakhs.

Management Representation:

Increase in cost of materials and other expenses like electricity charges and labour cost, there is a cash losses during financial years. Company is taking necessary action for the same.

ii) **INTERNAL AUDITOR:**

SECRETARIAL AUDIT REPORT

For the Financial Year Ended 31st March 2025

*[Pursuant to Section 204 (1) of the Companies Act, 2013 and Rule No. 9 of the
Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]*

SECRETARIAL AUDIT REPORT

For the Financial Year Ended 31st March 2025

To,

The Members,

A-ONE GOLD PIPES AND TUBES PRIVATE LIMITED

(CIN: U27200KA2020PTC139870)

A One House No.326, Front Portion, First Floor,
CQAL Layout, Ward No. 08, Sahakar Nagar,
Bengaluru, Karnataka, India-560092

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **A-ONE GOLD PIPES AND TUBES PRIVATE LIMITED (CIN: U27200KA2020PTC139870)** (hereinafter referred as "the Company"). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the A-One Gold Pipes And Tubes Private Limited (the Company's) books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my

opinion, the Company has, during the audit period covering the financial year ended on 31st March 2025, complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by A-One Gold Pipes and Tubes Private Limited for the financial year ended on 31st March 2025 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made there under (in so far as they are made applicable);
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made there under; **(Not applicable)**
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed there under to the extent applicable;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made there under; **(Not Applicable)**
- (v) I further report that, having regard to the compliance system prevailing in the Company and on examination of the relevant documents and records in pursuance thereof, on test-check basis, the Company has complied with other Acts, Laws, Policies and Regulations applicable specifically to the Company.
- (vi) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-

- (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011; **(Not Applicable)**
- (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 1992; **(Not Applicable)**
- (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009; **(Not Applicable)**
- (d) The Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999; **(Not Applicable)**
- (e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008; **(Not Applicable)**
- (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client; **(Not Applicable)**
- (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; **(Not Applicable)** and
- (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998; **(Not Applicable)**
- (vi) All other relevant applicable laws including those specifically applicable to the Company, a list of which has been provided by the management. The examination and reporting of these laws and rules are limited to whether there are adequate systems and processes in place to monitor and ensure compliance with those laws.

I have also examined compliance of the Secretarial Standards issued by the Institute of Company Secretaries of India on Meetings of the Board of Directors and General Meetings.

I have not examined compliance by the Company relating to the applicable financial laws, such as direct and indirect tax laws including cost records, since the same have been subject to review by statutory financial auditor and other designated professionals.

During the period under review, the Company has generally complied with the provisions of the Act, Rules, Regulations, Guidelines, etc. mentioned above.

I further report that:

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Majority decision is carried through while the dissenting members' views are captured and recorded as part of the minutes.

Minutes of the meetings duly recorded and signed by the Chairman, the decisions of the Board were unanimous and no dissenting views have been recorded

I further report that there are adequate systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

I further report that during the audit period the company has following events / actions having a major bearing on the company's affairs in pursuance of the above referred laws, rules, regulations, guidelines, standards, etc. referred to above:

I. Issue of debentures:

During the audit period, the Company has issued and allotted 6000 (Six Thousand) INR denominated, secured, redeemable, non-convertible, unlisted debentures of a nominal value of Rs. 1,00,000/- (Rupees One Lakh Only) each at par, in one or more series/tranches, aggregating up to Rs.60,00,00,000/- (Rupees Sixty Crore only) (Debentures) on 12th June 2024 on private placement basis in accordance with the provisions of Section 42 and Section 71 of the Companies Act, 2013 and applicable rules made thereunder.

II. Change in Status Company from Private to Deemed Public:

The holding company, A-One Steel India Limited, has converted from a private limited company to a public limited company. The conversion was duly
