

**INDEPENDENT AUDITOR'S REPORT**

**TO**  
**THE MEMBERS**  
**VANYA STEELS PRIVATE LIMITED**  
**BANGALORE**

**Report on the Audit of the Financial Statements**

**Opinion**

We have audited the accompanying financial statements of **VANYA STEELS PRIVATE LIMITED** ("the company"), which comprises the Balance Sheet as at 31<sup>st</sup> March 2022, the Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act 2013 as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the company as at 31<sup>st</sup> March 2022 and its profits including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

**Basis for Opinion**

We conducted our audit of the financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

**Information Other than the Financial Statements and Auditor's Report thereon**

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report, Business Responsibility Report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

#### **Management's Responsibility for the Financial Statements**

The Company's Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (IND AS) specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015 as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

#### **Auditor's Responsibility for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

#### **Report on Other Legal and Regulatory Requirements**

As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

As required by Section 143(3) of the Act, based on our audit we report that:

- a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c. The Balance Sheet, the Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity dealt with by this report are in agreement with the books of account.

- d. In our opinion, the aforesaid financial statements comply with the Indian Accounting Standards specified under section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended.
- e. On the basis of the written representations received from the directors as on March 31, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164 (2) of the Act.
- f. With respect to the adequacy of the internal financial controls with reference to the Financial Statements and the operating effectiveness of such controls, refer to our separate report in "Annexure B" of this report.
- g. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
  - i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements – Refer note 42 to the financial statements.
  - ii. The Company did not have long-term contracts including derivative contracts for which there were any material foreseeable losses.
  - iii. There were no amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
  - iv. a) The management has represented to us that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person(s) or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall
    - 1. directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or
    - 2. provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
  - b) The management has represented to us that, to the best of its knowledge and belief, no funds have been received by the company from any person(s) or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall
    - 1. whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or
    - 2. provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
  - c) Based on such audit procedures as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under the sub clause (iv) (1) & (2) contain any material misstatement.

**R. Singhvi & Associates**  
Chartered Accountants

v. No dividend has been declared or paid by the company.

h. With respect to the matter to be included in the Auditors' Report under section 197(16): In our opinion and according to the information and explanations given to us, the Company is incorporated as a private company and thus the provision of section 197(16) of the Act are not applicable to the Company.

**ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT**

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of **VANYA STEELS PRIVATE LIMITED** of even date)

- i. In respect of the Company's property, plant & equipment:
  - a. The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant & equipment and intangible assets;
  - b. The property, plant & equipment of the Company were physically verified in full by the management at reasonable intervals during the year. According to the information and explanations given to us and as examined by us, no material discrepancies were noticed on such verification.
  - c. The title deeds of all the immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) are held in the name of the Company.
  - d. The Company has not revalued its Property, Plant and Equipment (including Right of use assets) or intangible assets during the year ended March 31, 2022.
  - e. According to the information and explanation given to us and on the basis of our examination of the records of the company, there are no proceedings initiated or are pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.
- ii. In respect of the company's inventory,
  - a. The management has conducted physical verification of inventory at reasonable intervals during the year and no material discrepancies in excess of 10% were noticed on such physical verification for each class of inventory. In our opinion, the frequency of verification by the management is reasonable and the coverage and procedure for such verification is appropriate.
  - b. The Company has been sanctioned working capital limits in excess of Rs. 5 crores in aggregate from banks and/or financial institutions during the year on the basis of security of current assets of the Company. The deviations noted between the books of accounts and the quarterly returns/statements filed with such banks and financial institutions have been disclosed in Note no 55 of the financial statements.
- iii. According to information and information given to us, the Company has not granted any loans, secured or unsecured to companies, firms or other parties covered in the register maintained under section 189 of the Companies Act, 2013, thus the paragraph 3(iii)(a) to 3(iii)(f) of the order is not applicable to the company.
- iv. According to the information and explanations given to us, the Company has complied with the provisions of Sections 185 and 186 of the Act in respect of grant of loans, making investments and providing guarantees and securities, as applicable.
- v. In our opinion and according to the information and explanations given to us, the Company has not accepted deposits during the year and does not have any unclaimed deposits as at March 31, 2022 and therefore, the provisions of the clause 3 (v) of the Order are not applicable to the Company.
- vi. The Central Government of India has prescribed the maintenance of cost records under sub-section (1) of section 148 of the Act for the activities carried on by the company. In

our opinion and as per the information and explanation provided to us, all the accounts and records as specified have been maintained properly.

vii. According to the information and explanations given to us, in respect of statutory dues:

- a. According to the information and explanations given to us and on the basis of our examination of the records of the Company, amounts deducted/ accrued in the books of account in respect of undisputed statutory dues including income-tax, goods and service tax and other material statutory dues have been generally regularly deposited during the year by the company with the appropriate authorities.  
According to the information and explanations given to us and based on audit procedures performed by us, no undisputed amounts payable in respect of these statutory dues were outstanding, at the year end, for a period of more than six months from the date they became payable.
- b. According to the information and explanations given to us and the records of the company examined by us, the statutory dues which have not been deposited with the appropriate authorities on account of dispute are as follows –

| Name of the statute      | Nature of the dues | Amount (Rs. in Lakhs) | Period to which the amount relates | Forum where the dispute is pending |
|--------------------------|--------------------|-----------------------|------------------------------------|------------------------------------|
| The Income-Tax Act, 1961 | Income Tax         | 229.31                | AY2015-16 to AY2021-22             | CPC, Income Tax and others         |

viii. The Company has not surrendered or disclosed any transaction, previously unrecorded in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year. Accordingly, the requirement to report on clause 3(viii) of the Order is not applicable to the Company.

ix. In respect of loans taken by the company,

- a. In our opinion and according to the information and explanations given to us, the Company has not defaulted in the repayment of dues to any lender.
- b. The company has not been declared wilful defaulter by any bank or financial institution or any lender
- c. The term loans obtained by the company have been applied for the purpose for which it had been obtained.
- d. On an overall examination of the financial statements of the Company, no funds raised for short term basis have been utilized for long-term purposes.
- e. On an overall examination of the financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures.
- f. The Company has not raised loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies. Hence, the requirement to report on clause 3(ix)(f) of the Order is not applicable to the Company.

x. According to the information and explanations given to us and based on the examination of records of the Company, the Company has not raised moneys by way of

initial public offer or further public offer (including debt instruments) and hence reporting under clause 3 (x)(a) of the Order is not applicable to the Company.

B. According to the information and explanations given to us and based on the examination of records of the Company, the Company has not made any preferential allotment or private placement of shares or convertible debentures during the year, and hence reporting under clause 3 (x)(b) of the Order is not applicable to the Company.

- xi. To the best of our knowledge and according to the information and explanations given to us, no fraud by the Company or no material fraud on the Company by its officers or employees has been noticed or reported during the year. Hence, reporting under clause 3 (xi)(a)(b)(c) of the Order is not applicable to the Company.
- xii. The Company is not a Nidhi Company and hence reporting under clause 3 (xii)(a)(b)(c) of the Order is not applicable to the Company.
- xiii. In our opinion and according to the information and explanations given to us, the Company is in compliance with Section 177 and 188 of the Companies Act, 2013 where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements as required by the applicable accounting standards.
- xiv. The Company has an internal audit system commensurate with the size and nature of its business. The internal audit reports of the Company issued till the date of the audit report, for the period under audit have been considered by us.
- xv. In our opinion and according to the information and explanations given to us, during the year the Company has not entered into any non-cash transactions with its Directors or persons connected to its directors and hence requirement to report on Clause 3(xv) are not applicable to the Company.
- xvi. In our opinion and according to the information and explanations given to us, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. As such, reporting under Clause 3 (xvi) is not applicable for the company.
- xvii. The company has not incurred cash losses in the current year and in the immediately preceding financial year.
- xviii. There has been no resignation of the statutory auditors during the year and accordingly requirement to report on Clause 3(xviii) of the Order is not applicable to the Company.
- xix. On the basis of the financial ratios, ageing, business profitability and other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any

**R. Singhvi & Associates**  
Chartered Accountants

guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

xx. a) In respect of other than ongoing projects, there are no unspent amounts that are required to be transferred to a fund specified in Schedule VII of the Companies Act (the Act), in compliance with second proviso to sub section 5 of section 135 of the Act.  
b) There are no unspent amounts in respect of ongoing projects, that are required to be transferred to a special account in compliance of provision of sub section (6) of section 135 of Companies Act.

**ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT**

**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of **VANYA STEELS PRIVATE LIMITED** ("the Company") as of 31<sup>st</sup> March 2022 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

**MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS**

The Company's management is responsible for establishing and maintaining internal financial controls based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI')". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

**AUDITOR'S RESPONSIBILITY**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

**MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

**INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING**

Because of the inherent limitations of internal financial controls over financial reporting with reference to these financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**OPINION**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31<sup>st</sup> March 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

**Vanya Steels Private Limited**  
**Notes to the Financial Statements for the year ended March 31, 2022**

**Reporting Entity**

Vanya Steels Private Limited (the Company) is a private limited company domiciled in India, with its registered office situated at A One House No. 326, Front Portion, First Floor, CQAL Layout, Ward No. 08, Sahakar Nagar, Bangalore – 560092. The Company was incorporated on June 20, 2005. The Company is engaged in the business of manufacturing and trading of Sponge Iron. The Company also undertakes machining and job works for its customers.

**1. Basis of preparation**

**(i) Statement of compliance with Indian Accounting Standards:**

These Ind AS financial statements ("the Financial Statements") have been prepared in accordance with the Indian Accounting Standards ('Ind AS') as notified by Ministry of Corporate Affairs ('MCA') under Section 133 of the Companies Act, 2013 ('Act') read with the Companies (Indian Accounting Standards) Rules, 2015, as amended and other relevant provisions of the Act.

The Company's financial statements up to and including the year ended March 31, 2021 were prepared in accordance with Indian GAAP, including accounting standards notified under the Companies (Accounting Standards) Rules, 2006 (as amended) ("previous GAAP").

As these are Company's first financial statements prepared in accordance with Indian Accounting Standards (Ind AS), Ind AS 101, First Time Adoption of Indian Accounting Standards has been applied. An explanation of how the transition to Ind AS has affected the previously reported financial position, financial performance and cash flows of the Company is provided in Note 53.

The financial statements for the year ended March 31, 2022 were authorised and approved for issue by the Board of Directors on September 27, 2022.

The significant accounting policies adopted for preparation and presentation of these financial statements are included in Note 2. These policies have been applied consistently by the Company for all the periods presented in these financial statements.

**(ii) Current and non-current classification**

All assets and liabilities have been classified and presented as current or non-current in accordance with the Company's normal operating cycle other criteria set out in the Schedule III to the Act.

**(iii) Functional and presentation currency**

These financial statements are presented in Indian Rupees (₹), which is also the Company's functional currency. All amounts have been rounded-off to the nearest lacs, unless otherwise indicated.

**Vanya Steels Private Limited**  
**Notes to the Financial Statements for the year ended March 31, 2022**

**(iv) Basis of measurement**

The financial statements have been prepared on the historical cost basis except for the following items:

| <b>Items</b>                             | <b>Basis of measurement</b>   |
|--|---|
| Certain financial assets and liabilities | Fair value  |
| Net defined benefit liability/asset      | Present value of defined benefit obligation less fair value of plan asset |

**(v) Use of estimates and judgements**

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the related disclosures. Actual results may differ from these estimates.

**Significant management judgements:**

- Recognition of deferred tax assets** – The extent to which deferred tax assets can be recognised is based on an assessment of the probability of the future taxable income against which the deferred tax assets can be utilised.
- Business model assessment** – The Company determines the business model at a level that reflects how groups of financial assets are managed together to achieve a business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Company monitors financial assets measured at amortised cost that are derecognised prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Company's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and accordingly prospective change to the classification of those assets are made.
- Evaluation of indicators for impairment of assets** – The evaluation of applicability of indicators of impairment of assets requires assessment of several external and internal factors which could result in deterioration of recoverable amount of the assets.
- Classification of leases** – Ind AS 116 requires lessees to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease if the use of such option is reasonably certain. The Company makes an assessment on the expected lease term on a lease-by-lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to the Company's operations taking into account the location of the underlying asset and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances. After considering current and future economic conditions, the Company has concluded that no changes are required to lease period relating to the existing lease contract.

## Vanya Steels Private Limited

### Notes to the Financial Statements for the year ended March 31, 2022

- **Expected credit loss (ECL)** – The measurement of expected credit loss allowance for financial assets measured at amortised cost requires use of complex models and significant assumptions about future economic conditions and credit behaviour (e.g., likelihood of customers defaulting and resulting losses). The Company makes significant judgements regarding the following while assessing expected credit loss:
  - Determining criteria for significant increase in credit risk
  - Establishing the number and relative weightings of forward-looking scenarios for each type of product/market and the associated ECL
  - Establishing groups of similar financial assets for the purposes of measuring ECL.
- **Provisions** – At each Balance Sheet date, based on the management judgment, changes in facts and legal aspects, the Company assesses the requirement of provisions against the outstanding contingent liabilities. However, the actual future outcome may be different from this judgement.

#### **Significant estimates:**

- **Useful lives of depreciable/amortisable assets** – Management reviews its estimate of useful lives, residual values, and method of depreciation of depreciable/amortisable assets at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technical and economic obsolescence that may change the utility of assets.
- **Defined benefit obligation (DBO)** – Management's estimate of the DBO is based on several underlying assumptions such as standard rates of inflation, mortality, discount rate and anticipation of future salary increases. Variation in these assumptions may significantly impact the DBO amount and the annual defined benefit expenses.
- **Fair value measurements** – Management applies valuation techniques to determine the fair value of financial instruments (where active market quotes are not available). This involves developing estimates and assumptions consistent with how market participants would price the instrument.

## **2 Summary of significant accounting policies**

### **(i) Revenue**

The Company has applied Ind AS 115 which establishes a comprehensive framework for determining whether, how much and when revenue is to be recognized. The Standard requires apportioning revenue earned from contracts to individual promises, or performance obligations, on a relative stand-alone selling price basis, using a five-step model.

#### **Revenue from sale of goods**

Revenue is recognised upon transfer of control of promised product or services to customer in an amount that reflect the consideration which the Company expects to receive in exchange for those product or services at the fair value of the consideration received or receivable, which is generally the transaction price, net of any taxes/duties and discounts.

**Vanya Steels Private Limited****Notes to the Financial Statements for the year ended March 31, 2022**

The Company satisfies a performance obligation and recognises revenue over time, if one of the following criteria is met:

- a. The customer simultaneously receives and consumes the benefits provided by the Company's performance as the Company performs; or
- b. The Company's performance creates or enhances an asset that the customer controls as the asset is created or enhanced; or
- c. The Company's performance does not create an asset with an alternative use to the Company and an entity has an enforceable right to payment for performance completed to date.

For performance obligations where one of the above conditions are not met, revenue is recognised at the point in time at which the performance obligation is satisfied.

Revenue from sale of products is recognised at a time on which the performance obligation is satisfied.

Recognition in case of local sales is generally recognised on the dispatch of goods. Revenue from export sales is generally recognised on the basis of the dates of 'On Board Bill of Lading'. The Company recognises provision for sales return, based on the historical results, measured on net basis of the margin of the sale.

***Other operating income***

Export benefits are recognised in the year of export when right to receive the benefit is established and conditions attached to the benefits are satisfied.

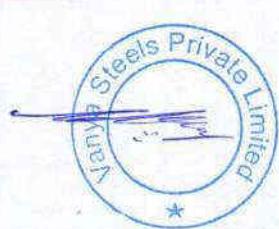

**(ii) Other income*****Interest income***

Interest income on time deposits and inter corporate loans is recognised using the effective interest method.

The 'effective interest rate' is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument to the gross carrying amount of the financial asset.

**(iii) Employee Benefits****Short term employee benefits:**

Short term employee benefit obligations are measured on an undiscounted basis and are expenses off as the related services are provided. Benefits such as salaries, wages, and bonus etc. are recognised in the statement of profit and loss in the year in which the employee renders the related service. The liabilities are presented as current employee benefit obligation in the balance sheet.

**Long term employee benefits:**

**Vanya Steels Private Limited**  
**Notes to the Financial Statements for the year ended March 31, 2022**

***Defined contribution plan: Provident fund***

All employees of the Company are entitled to receive benefits under the Provident Fund, which is a defined contribution plan. Both the employee and the employer make monthly contributions to the plan at a predetermined rate as per the provisions of The Employees Provident Fund and Miscellaneous Provisions Act, 1952. These contributions are made to the fund administered and managed by the Government of India. The Company has no further obligations under the plan beyond its monthly contributions. Obligation for contribution to defined contribution plan are recognised as an employee benefit expense in statement of profit and loss in the period during which the related services are rendered by the employees.

***Defined Benefit Plan: Gratuity***

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan.

The Company provides for retirement benefits in the form of Gratuity, which provides for lump sum payments to vested employees on retirement, death while in service or on termination of employment in an amount equivalent to 15 days basic salary for each completed year of service. Vesting occurs upon completion of five years of service. Benefits payable to eligible employees of the Company with respect to gratuity is accounted for on the basis of an actuarial valuation as at the balance sheet date.

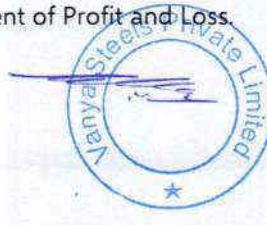

The present value of such obligation is determined by the projected unit credit method and adjusted for past service cost and fair value of plan assets as at the balance sheet date through which the obligations are to be settled. The resultant actuarial gain or loss on change in present value of the defined benefit obligation or change in return of the plan assets is recognised as an income or expense in the other comprehensive income. The Company's obligation in respect of defined benefit plans is calculated by estimating the amount of future benefit that employees have earned in the current and prior periods, discounting that amount and deducting the fair value of any plan assets.

The Company determines the net interest expense/(income) on the net defined benefit liability/(asset) for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the then-net defined benefit liability/(asset), taking into account any changes in the net defined benefit liability/(asset) during the period as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognised in the statement of profit and loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service ('past service cost' or 'past service gain') or the gain or loss on curtailment is recognised immediately in the statement of profit and loss. The Company recognises gains and losses on the settlement of a defined benefit plan when the settlement occurs.

***Other long-term benefits: Compensated absences***

Benefits under the Company's compensated absences scheme constitute other employee benefits. The liability in respect of compensated absences is provided on the basis of an actuarial valuation using the Projected Unit Credit Method done by an independent actuary as at the balance sheet date. Actuarial gain and losses are recognised immediately in the Statement of Profit and Loss.

**Vanya Steels Private Limited**  
**Notes to the Financial Statements for the year ended March 31, 2022**

**(iv) Foreign exchange transactions and translations**

**Initial recognition:**

Foreign currency transactions are recorded in the reporting currency, by applying the foreign currency amount of exchange rate between the reporting currency and foreign currency at the date of transaction.

**Conversion:**

Foreign currency monetary assets and liabilities outstanding as at balance sheet date are restated/translated using the exchange rate prevailing at the reporting date. Non-monetary assets and liabilities which are measured in terms of historical cost denomination in foreign currency, are reported using the exchange rate at the date of transaction except for non-monetary item measured at fair value which are translated using the exchange rates at the date when fair value is determined.

Exchange difference arising on the settlement of monetary items or on restatement of the Company's monetary items at rates different from those at which they initially recorded during the year or reported in previous financials statement (other than those relating to fixed assets and other long term monetary assets) are recognised as income or expenses in the year in which they arise.

**(v) Tax expense**

Income tax comprises current and deferred tax. It is recognised in the statement of profit and loss except to the extent that it relates to a business combination or to an item recognised directly in equity or in other comprehensive income.

**Current tax**

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

**Deferred tax**

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognised in respect of carried forward tax losses and tax credits. Deferred tax is not recognised for:

- temporary differences arising on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss at the time of the transaction;
- taxable temporary differences arising on the initial recognition of goodwill.

**Vanya Steels Private Limited****Notes to the Financial Statements for the year ended March 31, 2022**

Deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which they can be used. The existence of unused tax losses is strong evidence that future taxable profit may not be available. Therefore, in case of a history of recent losses, the Company recognises a deferred tax asset only to the extent that it has sufficient taxable temporary differences or there is convincing other evidence that sufficient taxable profit will be available against which such deferred tax asset can be realised. Deferred tax assets – unrecognised or recognised, are reviewed at each reporting date and are recognised/ reduced to the extent that it is probable/ no longer probable respectively that the related tax benefit will be realised.

**(vi) Inventories**

Raw materials, stores and spares, work-in-progress, manufactured finished goods and traded goods are valued at lower of cost or net realisable value. The comparison of cost and net realisable value is made on an item by item basis. Cost comprises of all cost of purchase, cost of conversion and other cost incurred in bringing them to their respective present location and condition. Cost is determined using first in, first out method of inventory valuation.

Loose tools and scrap are valued at estimated realisable value.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

Provision of obsolescence on inventories is considered on the basis of management's estimate based on demand and market of the inventories.

**(vii) Cash and cash equivalents**

Cash and cash equivalents consist of cash, bank balances in current accounts and short term highly liquid investments that are readily convertible to cash with original maturities of three months or less at the time of purchase and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in current financial liabilities in the balance sheet.

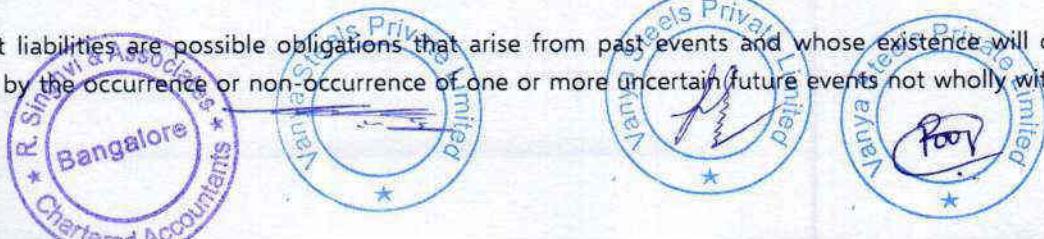

**(viii) Provisions, contingent liabilities, and contingent assets****Provisions**

The Company creates a provision when there is present obligation as a result of a past event that probably requires an outflow of resources, and a reliable estimate can be made of the amount of obligation.

If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows (representing the best estimate of the expenditure required to settle the present obligation at the balance sheet date) at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as finance cost.

**Contingent liability**

Contingent liabilities are possible obligations that arise from past events and whose existence will only be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the

**Vanya Steels Private Limited**  
**Notes to the Financial Statements for the year ended March 31, 2022**

control of the Company. Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote.

**Contingent assets**

Contingent assets are possible assets that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company.

**(ix) Property, plant and equipment (including Capital work-in-progress)**

**Recognition and measurement**

All items of property, plant and equipment are stated at historical cost less depreciation. Freehold land is carried at cost. All other items of property, plant and equipment are stated at cost net of recoverable taxes (wherever applicable), which includes capitalised borrowing costs less depreciation and impairment, if any.

Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, if any, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Any gain or loss on disposal of an item of property, plant and equipment is recognised in the statement of profit and loss.

On transition to Ind AS, the Company had elected to continue with carrying value of all its property, plant and equipment recognised as at 1 April 2020 measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

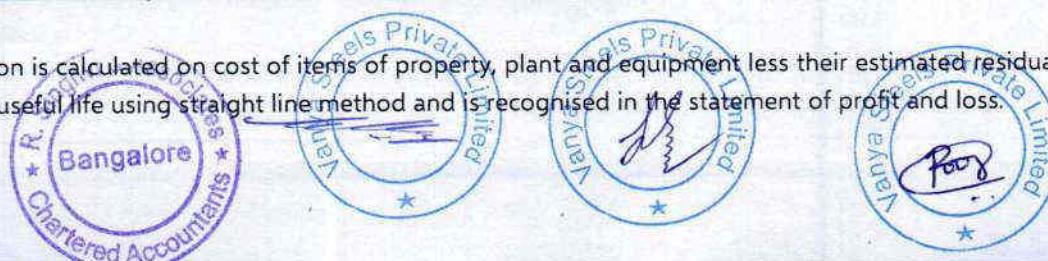

**Subsequent expenditure**

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced.

All other repairs and maintenance are charged to the Statement of Profit and Loss during the reporting period in which they are incurred.

**Depreciation methods, estimated useful lives and residual values**

Depreciation is calculated on cost of items of property, plant and equipment less their estimated residual value over their useful life using straight line method and is recognised in the statement of profit and loss.

**Vanya Steels Private Limited****Notes to the Financial Statements for the year ended March 31, 2022**

The estimated useful lives of items of property, plant and equipment for the current and comparative periods are as under and the same are equal to lives specified as per schedule II of the Act.

The useful lives of the assets are as under:

| Particulars                | Useful lives (in years) |
|----------------------------|-------------------------|
| <b>Tangible assets:</b>    |                         |
| Land                       | Not depreciable asset   |
| Factory sheds and building | 30 & 60 years           |
| Plant and equipment        | 15 & 25 years           |
| Furniture and fixtures     | 10 years                |
| Office equipments          | 3 & 5 years             |
| Vehicles                   | 8 & 10 years            |

Based on technical evaluation and consequent advice, the management believes that its estimates of useful lives as given above best represent the period over which management expects to use these assets. Depreciation on addition to property, plant and equipment is provided on pro-rata basis from the date the assets are ready for intended use. Depreciation on sale/discard from property, plant and equipment is provided for up to the date of sale, deduction or discard of property, plant and equipment as the case may be.

Depreciation method, useful lives and residual values are reviewed at each financial year-end, and changes, if any, are accounted for prospectively.

**(x) Leases**

**As lessee**

The Company's lease asset classes primarily consist of leases for land and buildings. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use (ROU) asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of 12 months or less (short-term leases) and low value leases. For these short-term and low-value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

**Vanya Steels Private Limited****Notes to the Financial Statements for the year ended March 31, 2022**

The ROU assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

ROU assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. ROU assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e., the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related ROU asset if the Company changes its assessment of whether it will exercise an extension or a termination option.

Lease liability and ROU assets have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

**(xi) Impairment of non-financial assets**

The Company's non-financial assets, other than inventories and deferred tax assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's or CGU's recoverable amount is estimated.

For impairment testing, assets that do not generate independent cash inflows are grouped together into cash-generating units (CGUs). Each CGU represents the smallest group of assets that generates cash inflows that are largely independent of the cash inflows of other assets or CGUs.

The recoverable amount of a CGU (or an individual asset) is the higher of its value in use and its fair value less costs to sell. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the CGU (or the asset).

An impairment loss is recognised if the carrying amount of an asset or CGU exceeds its estimated recoverable amount. Impairment losses are recognised in the statement of profit and loss. Impairment loss recognised in respect of a CGU is allocated first to reduce the carrying amount of any goodwill allocated to the CGU, and then to reduce the carrying amounts of the other assets of the CGU (or group of CGUs) on a pro rata basis.

After impairment, depreciation/amortisation is provided on the revised carrying amount of the asset over its remaining useful life.

**Vanya Steels Private Limited**  
**Notes to the Financial Statements for the year ended March 31, 2022**

**(xii) Borrowing costs**

Borrowing costs are interest and other costs incurred in connection with the borrowing of funds. Borrowing costs directly attributable to acquisition or construction of an asset which necessarily take a substantial period of time to get ready for their intended use are capitalised as part of the cost of that asset. Other borrowing costs are recognised as an expense in the period in which they are incurred.

**(xiii) Financial instruments**

***Initial recognition and measurement***

Trade receivables and debt securities issued are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Company becomes a party to the contractual provisions of the instrument.

A financial asset or financial liability is initially measured at fair value plus, transaction costs that are directly attributable to its acquisition or issue, except for an item recognised at fair value through profit and loss. Transaction cost of financial assets carried at fair value through profit and loss is expensed in the statement of profit and loss.

***Classification and subsequent measurement***

**Financial assets**

On initial recognition, a financial asset is classified as measured at:

- amortised cost,
- Fair value through other comprehensive income (FVOCI), or
- Fair value through profit and loss (FVTPL)

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

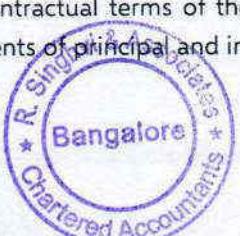

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A debt investment is measured at FVOCI if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

**Vanya Steels Private Limited**  
**Notes to the Financial Statements for the year ended March 31, 2022**

On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI (designated as FVOCI – equity investment). This election is made on an investment by investment basis.

All financial assets not classified to be measured at amortised cost or FVOCI as described above are measured at FVTPL. This includes all derivative financial assets. On initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVOCI or at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

**Financial assets: Business model assessment**

The Company makes an assessment of the objective of the business model in which a financial asset is held at a portfolio level because this best reflects the way the business is managed and information is provided to management. The information considered includes:

- the stated policies and objectives for the portfolio and the operation of those policies in practice. These include whether management's strategy focuses on earning contractual interest income, maintaining a particular interest rate profile, matching the duration of the financial assets to the duration of any related liabilities or expected cash outflows or realising cash flows through the sale of the assets;
- how the performance of the portfolio is evaluated and reported to the Company's management;
- the risks that affect the performance of the business model (and the financial assets held within that business model) and how those risks are managed;
- how managers of the business are compensated – e.g., whether compensation is based on the fair value of the assets managed or the contractual cash flows collected; and
- the frequency, volume and timing of sales of financial assets in prior periods, the reasons for such sales and expectations about future sales activity.

Transfers of financial assets to third parties in transactions that do not qualify for derecognition are not considered sales for this purpose, consistent with the Company's continuing recognition of the assets

Financial assets that are held for trading or are managed and whose performance is evaluated on a fair value basis are measured at FVTPL.

**Financial assets: Assessment whether contractual cash flows are solely payments of principal and interest**

For the purposes of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g., liquidity risk and administrative costs), as well as a profit margin.

In assessing whether the contractual cash flows are solely payments of principal and interest, the Company considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making this assessment, the Company considers:

- contingent events that would change the amount or timing of cash flows;
- terms that may adjust the contractual coupon rate, including variable interest rate features; prepayment and extension features; and
- terms that limit the Company's claim to cash flows from specified assets (e.g., non- recourse features).

**Vanya Steels Private Limited****Notes to the Financial Statements for the year ended March 31, 2022**

A prepayment feature is consistent with the solely payments of principal and interest criterion if the prepayment amount substantially represents unpaid amounts of principal and interest on the principal amount outstanding, which may include reasonable additional compensation for early termination of the contract. Additionally, for a financial asset acquired at a significant discount or premium to its contractual par amount, a feature that permits or requires prepayment at an amount that substantially represents the contractual par amount plus accrued (but unpaid) contractual interest (which may also include reasonable additional compensation for early termination) is treated as consistent with this criterion if the fair value of the prepayment feature is insignificant at initial recognition.

**Financial assets: Subsequent measurement and gains and losses**

**Financial assets at amortised cost:** These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses, if any. Interest income and impairment are recognised in the statement of profit and loss. Any gain or loss on derecognition is recognised in statement of profit and loss.

**Financial assets at FVTPL:** These assets are subsequently measured at fair value. Net gains and losses, including any interest income, are recognised in the statement of profit and loss.

**Debts investments at FVOCI:** These assets are subsequently measured at fair value. Interest income under the effective interest method, foreign exchange gains and losses and impairment are recognised in profit or loss. Other net gains and losses are recognised in OCI. On Derecognition, gains and losses accumulated in OCI are reclassified to profit or loss.

**Equity investments at FVOCI:** These assets are subsequently measured at fair value. Dividends are recognised as income in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognised in OCI and are not reclassified to profit or loss.

**Financial liabilities: classification, subsequent measurement & gain and loss**

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held for trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in the statement of profit and loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in the statement of profit and loss. Any gain or loss on derecognition is also recognised in the statement of profit and loss.

***Offsetting***

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the assets and settle the liabilities simultaneously.

**Vanya Steels Private Limited**  
**Notes to the Financial Statements for the year ended March 31, 2022**

***Derecognition***

**Financial assets**

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

**Financial liabilities**

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire.

The Company also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognised in the statement of profit and loss.

***Impairment of financial instruments***

The Company recognises loss allowances for expected credit losses on:-

- Financial assets measured at amortised cost; and
- Financial assets measured at FVOCI- debt investments

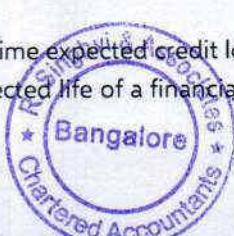

At each reporting date, the Company assesses whether financial assets carried at amortised cost and debt securities at FVOCI are credit impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred. Evidence that a financial asset is credit - impaired includes the following observable data:

- significant financial difficulty of the borrower or issuer;
- a breach of contract such as a default or being past due for agreed credit period;
- the restructuring of a loan or advance by the Company on terms that the Company would not consider otherwise;
- it is probable that the borrower will enter bankruptcy or other financial reorganisation; or
- the disappearance of an active market for a security because of financial difficulties.

**Expected credit loss**

Loss allowances for trade receivables are always measured at an amount equal to lifetime expected credit losses.

Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument.

**Vanya Steels Private Limited****Notes to the Financial Statements for the year ended March 31, 2022**

12-month expected credit losses are the portion of expected credit losses that result from default events that are possible within 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months).

In all cases, the maximum period considered when estimating expected credit losses is the maximum contractual period over which the Company is exposed to credit risk.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating expected credit losses, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment and including forward looking information.

The Company assumes that the credit risk on a financial asset has increased significantly if it is more than agreed credit period.

The Company considers a financial asset to be in default when:

- the borrower is unlikely to pay its credit obligations to the Company in full, without recourse by the Company to actions such as realising security (if any is held); or
- the financial asset is past due and not recovered within agreed credit period.

**Measurement of expected credit losses**

Expected credit losses are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e., the difference between the cash flows due to the Company in accordance with the contract and the cash flows that the Company expects to receive).

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets disclosed in the Balance Sheet.

**Write-off**

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Company determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery of amounts due.

**(xiv) Earnings per share**

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average numbers of equity shares outstanding during the period are adjusted for events such as bonus issue, share split or consolidation of shares.

**Vanya Steels Private Limited**  
**Notes to the Financial Statements for the year ended March 31, 2022**

For calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares. The dilutive potential equity shares are deemed converted into equity shares as at the beginning of the period unless they have been issued at a later date.

**(xv) Segment reporting**

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

In accordance with Ind AS 108 – Operating Segments, the operating segments used to present segment information are identified on the basis of internal reports used by the Company's Management to allocate resources to the segments and assess their performance.

Segment profit is used to measure performance as management believes that such information is the most relevant in evaluating the results of certain segments relative to other entities that operate within these industries. Inter-segment pricing is determined on an arm's length basis.

The operating segments have been identified on the basis of the nature of products/services. Further:

1. Segment revenue includes sales and other income directly identifiable with / allocable to the segment including inter-segment revenue.
2. Expenses that are directly identifiable with / allocable to segments are considered for determining the segment result. Expenses which relate to the Company as a whole and not allocable to segments are included under unallocable expenditure.
3. Income which relates to the Company as a whole and not allocable to segments is included in unallocable income.
4. Segment assets and liabilities include those directly identifiable with the respective segments. Unallocable assets and liabilities represent the assets and liabilities that relate to the Company as a whole and not allocable to any segment.

The Board of Director(s) are collectively the Company's 'Chief Operating Decision Maker' or 'CODM' within the meaning of Ind AS 108. Refer Note 49 for segment information.

.....space intentionally left blank.....

**3 Property, plant and equipment**

| Market value of quoted investments | -                       | -                       | -                      |
| Book value of unquoted investments | 47.77                   | 45.70                   | 45.01                  |

(ii) For explanation on the Company's credit risk management process, refer note 50.

(iii) There are no significant restrictions on the right of ownership, realisability of investments or the remittance of income and proceeds of disposal.

(iv) The Company had invested in equity shares of Atria Wind Power (Bijapur 1) Private Limited for procurement of power towards captive consumption in Hospet unit. The management anticipates that the termination of contract in future (if any) would be at cost i.e. the amount invested. The investment has been made only for procuring the power and not for any financial benefit. The Company has classified investments at fair value through other comprehensive income. However, considering the above facts, cost of investment has been considered as its fair value.

(iii). **Terms/rights attached to equity shares**

**Voting**

Each shareholder is entitled to one vote per share held.

**Dividends**

The Company declares and pays dividends in Indian rupees. The dividend proposed by the Board of Directors is subject to approval of the shareholders in ensuing Annual General Meeting except in the case where interim dividend is distributed. The Company has not distributed any dividend in the current and previous year.

**Liquidation**

In the event of liquidation of the Company, the shareholders shall be entitled to receive all of the remaining assets of the Company after distribution of all preferential amounts, if any. Such distribution amounts will be in proportion to the number of equity shares held by the shareholders.

(iv). **Equity shares held by holding company**

**Nature and purpose of other equity:**

**(i). Retained earnings**

Retained earnings represents the surplus/ (deficit) in profit and loss account and appropriations.

**(ii). Securities premium**

The amount received in excess of face value of the equity shares is recognised in Securities Premium. It can only be utilised for limited purposes in accordance with the provisions of the Companies Act, 2013.

**(iii). Items of other comprehensive income**

**Remeasurement of equity instruments**

The Company has elected to recognise changes in the fair value of certain investments in equity securities in other comprehensive income. These changes are accumulated in the FVOCI equity investments reserve. The Company transfers amounts from this reserve to retained earnings when the relevant equity securities are derecognised or sold. Any impairment loss on such instruments is reclassified to the Statement of Profit and Loss.

**Remeasurement of defined benefit obligation**

The Company recognises change on account of remeasurement of the net defined benefit liability as part of other comprehensive income with separate disclosure, which comprises of:

- actuarial gains and losses;
- return on plan assets, excluding amounts included in net interest on the net defined benefit liability; and
- any change in the effect of the asset ceiling excluding amounts included in net interest on the net defined benefit liability.

**Revaluation surplus**

The Company recognises increase in carrying amount as a result of a revaluation in other comprehensive income. The Company transfers amount of revaluation surplus directly to retained earnings when the asset is derecognised.

**21 Borrowings (non-current)**

**Vanya Steels Private Limited**

(CIN: U74999KA2005PTC125578)

**Notes to the financial statements for the year ended March 31, 2022**

(All amount are in ₹ Lacs, unless otherwise stated)

*...Continued from previous page*

The amount of interest due and payable for the year of delay in making payment (which have been paid but beyond the appointment day during the year) but without adding the Interest specified under the MSMED Act, 2006.

The amount of interest accrued and remaining unpaid at the end of each accounting year.

The amount of further interest remaining due and payable even in the succeeding years, until such date when the interest dues as above are actually paid to the small enterprise for the purpose of disallowance as a deductible under section 23 of the MSMED Act, 2006.

**45 Employee benefits****I. Defined contribution plans:**

The Company makes contributions, determined as a specified percentage of employee salaries, in respect of qualifying employees towards provident fund and labour welfare fund which are defined contribution plans. The Company has no obligations other than to make the specified contributions. The contributions are charged to the statement of profit and loss as they accrue.

The Company has recognised, in the Statement of Profit and loss for the year ended March 31, 2022 an amount of ₹ 13.72 Lacs, March 31, 2021: ₹ 11.76 Lacs under defined contribution plans.

**Expense under defined contribution plans include:**

|   | <b>For the year ended<br/>March 31, 2022</b> | <b>For the year ended<br/>March 31, 2021</b> |
|---|--|--|
| Employer's contribution to provident fund | 13.72  | 11.76  |
|   | <b>13.72</b>                                 | <b>11.76</b>                                 |

**II. Defined benefit plans:****Gratuity**

The Company operates a post-employment defined benefit plan for Gratuity. This plan entitles an employee to receive half month's salary for each year of completed service at the time of retirement/exit.

The present value of obligation is determined based on actuarial valuation using the projected unit credit method, which recognise each period of service as giving rise to additional employee benefit entitlement and measures each unit separately to build up the final obligation.

The most recent actuarial valuation of plan assets and the present value of the defined benefit obligation for gratuity were carried out as at March 31, 2022 and March 31, 2021. The present value of the defined benefit obligations and the related current service cost and past service cost, were measured using the projected unit credit method.

**A. Net defined benefit liability/(asset)**

**C. Plan assets**

The plan assets of the Company are managed by the Life Insurance Corporation of India through a trust managed by the Company in terms of an insurance policy taken to fund obligations of the Company with respect to its gratuity plan.

**Plan assets comprises of the following:**

|                          | <b>March 31, 2022</b> | <b>March 31, 2021</b> | <b>April 1, 2020</b> |
|--------------------------|-----------------------|-----------------------|----------------------|
| Total plan assets        | -                     | -                     | -                    |
| Funds managed by insurer | -                     | -                     | -                    |
| % of Plan assets         | 0%                    | 0%                    | 0%                   |

An asset-liability matching study is done by the Company on an annual basis, whereby the Company contributes the net increase in the actuarial liability to the plan manager in order to manage the liability risk.

**D. Actuarial assumptions**

The principal assumptions are the discount rate and salary growth rate. The discount rate is based upon the market yields available on government bonds at the accounting date with a term that matches that of liabilities. Salary increase rate takes into account of inflation, seniority, promotion and other relevant factors on long term basis. Valuation assumptions are as follows which have been selected by the Company.

|   | <b>March 31, 2022</b>                           | <b>March 31, 2021</b>                           | <b>April 1, 2020</b>                            |
|---|---|---|---|
| Discount rate                           | 7.30%   | 6.85%   | 6.85%   |
| Expected rate of future salary increase | 10% for the first three years and 7% thereafter | 10% for the first three years and 7% thereafter | 10% for the first three years and 7% thereafter |
| Expected rate of attrition              | 1% - 3%   | 1% - 3%   | 1% - 3%   |
| Mortality                               | IALM 2012-14                                    | IALM 2012-14                                    | IALM 2012-14                                    |

**E. Sensitivity analysis**

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below:

|  | <b>March 31, 2022</b> |                 | <b>March 31, 2021</b> |                 |
|--|-----------------------|-----------------|-----------------------|-----------------|
|  | <b>Increase</b>       | <b>Decrease</b> | <b>Increase</b>       | <b>Decrease</b> |
| Discount rate (1.00% movement)                     | (2.85)                | 3.55            | (3.09)                | 3.88            |
| Future salary growth (1.00% movement)              | 3.50                  | (2.87)          | 3.82                  | (3.10)          |
| Attrition rate (50.00% of attrition rate movement) | (0.23)                | 0.22            | (0.45)                | 0.47            |
| Mortality Rate (10.00% of mortality rate movement) | -                     | -               | -                     | -               |

Although the analysis does not take account of the full distribution of cash flows expected under the plan, it does provide an approximation of the sensitivity of the assumptions shown.

Sensitivities due to mortality is not material and hence impact of change is not calculated.

Sensitivities as to rate of inflation, rate of increase of pensions in payment, rate of increase of pensions before retirement and life expectancy are not applicable being a lump sum benefit on retirement.

*...Continued from previous page***Description of Risk Exposures:**

Valuations are based on certain assumptions, which are dynamic in nature and vary over time. As such the Company is exposed to various risks as follows:

**a). Salary increase:** Actual salary increases will increase plan's liability. Increase in salary increase rate assumption in future valuations will also increase the liability.**b). Investment risk:** If plan is funded then assets liabilities mismatch & actual investment return on assets lower than the discount rate assumed at the last valuation date can impact the liability.**c). Discount rate:** Reduction in discount rate in subsequent valuations can increase the plan's liability.**d). Mortality & disability:** Actual deaths & disability cases proving lower or higher than assumed in the valuation can impact the liabilities.**e). Withdrawals:** Actual withdrawals proving higher or lower than assumed withdrawals and change of withdrawal rates at subsequent valuations can impact the plan's liability.**F. Expected maturity analysis of the defined benefit plans in future years****Duration of defined benefit obligation**

|                    | As at<br>March 31, 2022 | As at<br>March 31, 2021 |
|--------------------|-------------------------|-------------------------|
| Less than 1 year   | 0.44                    | 0.08                    |
| Between 2-5 years  | 2.21                    | 1.84                    |
| Between 6-10 years | 2.56                    | 3.11                    |
| Over 10 years      | 75.34                   | 75.36                   |
| <b>Total</b>       | <b>80.54</b>            | <b>80.40</b>            |

The weighted average duration of the defined benefit plan obligation at March 31, 2022 is 18 years (March 31, 2021: 19 years).

**Notes to the financial statements for the year ended March 31, 2022**

(All amount are in ₹ Lacs, unless otherwise stated)

**49 Operating segments****A. Basis for Segmentation**

Segment information is presented in respect of the Company's key operating segments. The operating segments are based on the Company's management and internal reporting structure. The chief operating decision maker identifies primary segments based on the dominant source, nature of risks and returns and the internal organisation and management structure. The operating segments are the segments for which separate financial information is available and for which operating profit/loss amounts are evaluated regularly. All operating segments' operating results are reviewed regularly by the Board of Directors to make decisions about resources to be allocated to the segments and assess their performance.

The 'Board of Directors' have been identified as the Chief Operating Decision Maker ('CODM'), since they are responsible for all major decision w.r.t. the preparation and execution of business plan, preparation of budget, planning, expansion, alliance, joint venture, merger and acquisition, and expansion of any facility.

The Board of Directors examines the Company's performance from business activities perspective and have identified the following reportable segments of its business:

| <b>Reportable segments</b> | <b>Operations</b> |
|----------------------------|-------------------|
| Manufacturing              | Sponge Iron       |
| Trading                    | Sponge Iron       |

**B. Information about reportable segments**

Segment assets, segment liabilities and Segment profit and loss are measured in the same way as in the financial statements.

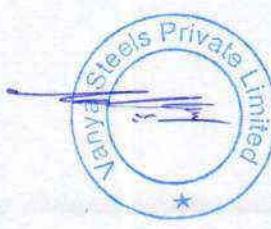

Information regarding the results of each reportable segment is included below. Performance is measured based on segment profit (before tax), as included in the internal management reports that are reviewed by the Company's Board of Directors. Segment profit is used to measure performance as management believes that such information is the most relevant in evaluating the results of certain segments relative to other entities that operate within these industries. Inter-segment pricing, if any, is determined on an arm's length basis.

**Notes to the financial statements for the year ended March 31, 2022**  
(All amount are in ₹ Lacs, unless otherwise stated)

...Continued from previous page

#### **Fair value hierarchy**

**Level 1:** It includes financial instruments measured using quoted prices.

**Level 2:** The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

**Level 3:** If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. The fair value of financial assets and liabilities included in Level 3 is determined in accordance with generally accepted pricing models based on discounted cash flow analysis using prices from observable current market transactions and dealer quotes of similar instruments.

The carrying amounts of trade receivables, cash and cash equivalents and other financial assets and liabilities, approximates the fair values, due to their short-term nature. Fair value of financial assets and financial liabilities is similar to the carrying value as there is no significant differences between carrying value and fair value.

#### **Valuation processes**

The Management performs the valuations of financial assets and liabilities required for financial reporting purposes on a periodic basis, including level 3 fair values.

#### **b). Financial risk management**

The Company has exposure to the following risks arising from financial instruments:

- Credit risk
- Liquidity risk
- Market risk

##### **(i). Credit risk**

The maximum exposure to credit risks is represented by the total carrying amount of these financial assets in the Balance Sheet:

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers.

The Company's credit risk is primarily to the amount due from customers and loans. The Company maintains a defined credit policy and monitors the exposures to these credit risks on an ongoing basis. Credit risk on cash and cash equivalents is limited as the Company generally invests in deposits with scheduled commercial banks with high credit ratings assigned by domestic credit rating agencies.

The maximum exposure to the credit risk at the reporting date is primarily from trade receivables. Trade receivables are unsecured and are derived from revenue earned from customers primarily located in India. The Company does monitor the economic environment in which it operates and the Company manages its Credit risk through credit approvals, establishing credit limits and continuously monitoring credit worthiness of customers to which the Company grants credit terms in the normal course of business.

On adoption of Ind AS 109, the Company uses expected credit loss model to assess the impairment loss or gain. The Company establishes an allowance for impairment that represents its expected credit losses in respect of trade receivable. The management uses a simplified approach (i.e. based on lifetime ECL) for the purpose of impairment loss allowance, the Company estimates amounts based on the business environment in which the Company operates, and management considers that the trade receivables are in default (credit impaired) when counter party fails to make payments as per terms of sale/service agreements. However the Company based upon historical experience determine an impairment allowance for loss on receivables.

When a trade receivable is credit impaired, it is written off against trade receivables and the amount of the loss is recognised in the income statement. Subsequent recoveries of amounts previously written off are credited to the income statement.

The gross carrying amount of trade receivables is ₹ 1,806.31 Lacs (March 31, 2021: ₹ 2,000.66 Lacs and April 1, 2020: ₹ 2,162.24 Lacs). Trade receivables are generally realised within the credit period.

The Company believes that the unimpaired amounts that are past due by more than 30 days are still collectible in full, based on historical payment behaviour.

The Company's exposure to credit risk for trade receivables are as follows:

| Particulars             | As at<br>March 31, 2022 | As at<br>March 31, 2021 | As at<br>April 1, 2020 |

**(ii). Liquidity risk**

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are fallen due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The Company believes that its liquidity position of ₹ 845.60 Lacs as at March 31, 2022 (March 31, 2021: ₹ 494.42 Lacs and April 1, 2020: ₹ 10.50 Lacs) and the anticipated future internally generated funds from operations will enable it to meet its future known obligations in the ordinary course of business.

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of credit facilities to meet obligations when due. The Company's policy is to regularly monitor its liquidity requirements to ensure that it maintains sufficient reserves of cash and funding from Company companies to meet its liquidity requirements in the short and long term.

The Company's liquidity management process as monitored by management, includes the following:

- Day to Day funding, managed by monitoring future cash flows to ensure that requirements can be met.
- Maintaining rolling forecasts of the Company's liquidity position on the basis of expected cash flows.

**Exposure to liquidity risk**

The following are the remaining contractual maturities of financial liabilities at the reporting date:

| As at March 31, 2022        | Carrying amount  | Contractual cash flows |                           |                      |                  |

**(iii). Market risk**

Market risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk. The Company mainly has exposure to two type of market risk namely: currency risk and interest rate risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

**a. Interest rate risk**

Interest rate risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's main interest rate risk arises from long-term borrowings with variable rates, which expose the Company to cash flow interest rate risk.

**Exposure to interest rate risk**

The Company's interest rate risk arises majorly from the term loans from banks carrying floating rate of interest. These obligations exposes the Company to cash flow interest rate risk. The exposure of the Company's borrowing to interest rate changes as reported to the management at the end of the reporting period are as follows:

**Cash flow sensitivity analysis for variable-rate instruments**

The sensitivity analyses below have been determined based on the exposure to interest rates at the end of the reporting period.

For floating rate liabilities, the analysis is prepared assuming the amount of the liability outstanding at the end of the reporting period was outstanding for the whole year. A 50 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates.

...Continued on next page

**b. Currency risk**

Currency risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Company is exposed to the effects of fluctuation in the prevailing foreign currency exchange rates on its financial position and cash flows to the extent of earnings and expenses in foreign currencies. Exposure arises primarily due to exchange rate fluctuations between the functional currency and other currencies from the Company's operating, investing and financing activities.

**Exposure to foreign currency risk**

The Company has no foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period, therefore, there is no exposure to currency risk.

**51 Capital management**

For the purpose of the Company's capital management, capital includes issued equity share capital and all other equity reserves attributable to the equity holders of the

Management assesses the Company's capital requirements in order to maintain an efficient overall financing structure. The Company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets.

To maintain or adjust the capital structure, the Company may return capital to shareholders, raise new debt or issue new shares.

The Company monitors capital on the basis of the debt to capital ratio, which is calculated as interest-bearing debts divided by total capital (equity attributable to owners of the parent plus interest-bearing debts).

**Vanya Steels Private Limited**

(CIN: U74999KA2005PTC125578)

**Notes to the financial statements for the year ended March 31, 2022**

(All amount are in ₹ Lacs, unless otherwise stated)

**53 First time adoption of Ind AS**

The Company has prepared its first Financial Statements in accordance with Ind AS for the year ended March 31, 2022. For periods up to and including the year ended March 31, 2021, the Company prepared its financial statements in accordance with Indian GAAP, including accounting standards notified under the Companies (Accounting Standards) Rules, 2006 (as amended) ("previous GAAP"). The effective date for Company's Ind AS Opening Balance Sheet is April 1, 2020 (the date of transition to Ind AS).

The accounting policies set out in Note 2 have been applied in preparing the financial statements for the year ended March 31, 2022, the comparative information presented in these financial statements for the year ended March 31, 2021 and in the preparation of an opening Ind AS Balance Sheet at April 1, 2020 (the Company's date of transition). According to Ind AS 101, the first Ind AS Financial Statements must use recognition and measurement principles that are based on standards and interpretations that are effective at March 31, 2022, the date of first-time preparation of Financial Statements according to Ind AS. These accounting principles and measurement principles must be applied retrospectively to the date of transition to Ind AS and for all periods presented within the first Ind AS Financial Statements.

Any resulting differences between carrying amounts of assets and liabilities according to Ind AS 101 as of April 1, 2020 compared with those presented in the Indian GAAP Balance Sheet as of March 31, 2020, were recognized in equity under retained earnings (or, if appropriate, another category of equity) within the Ind AS Balance Sheet.

An explanation of how the transition from previous GAAP to Ind AS has affected the company's financial position, financial performance and cash flows is set out in the following tables and notes:

**A. Exceptions and exemptions availed**

In the Ind AS Opening Balance Sheet as at April 1, 2020, the carrying amounts of assets and liabilities from the Indian GAAP as at 31 March 2020 are generally recognized and measured according to Ind AS in effect as on March 31, 2022. For certain individual cases, however, Ind AS 101 provides for mandatory exceptions and optional exemptions to the general principles of retrospective application of Ind AS. The Company has used the following exceptions and exemptions in preparing its Ind AS Opening Balance Sheet:

**A.1 Ind AS mandatory exceptions**

**(i) Estimates**

An entity's estimates in accordance with Ind AS at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies), unless there is objective evidence that those estimates were in error. Ind AS estimates as at April 1, 2020 are consistent with the estimates as at the same date made in conformity with previous GAAP. The Company made estimates for Impairment of financial assets based on expected credit loss model in accordance with Ind AS at the date of transition as these were not required under previous GAAP.

**(ii) Classification and measurement of financial assets**

Ind AS 101 requires the company to assess classification of financial assets on the basis of facts and circumstances existing as at the date of transition. Further, the standard permits measurement of financial assets accounted on amortised cost basis on fact and circumstances existing as at the date of transition, if retrospective application is impracticable.

Accordingly, the Company has determined the classification of financial assets on the basis of facts and circumstances existing as at the date of transition. Measurement of financial assets has been done retrospectively except where the same is impracticable.

**(iii) Derecognition of financial assets and liabilities**

As per Ind AS 101 an entity should apply derecognition requirements in Ind AS 109 prospectively for transaction occurring on or after the date of transition to Ind AS.

**(iv) Impairment of financial assets**

The Company has applied exception related to impairment of financial assets given in Ind AS 101. It has used reasonable and supportable information that is available without undue cost or effort to determine the credit risk at the date that financial assets were initially recognised and compared that to the credit risk at April 1, 2020.

**A.2 Ind AS optional exemptions**

**(i) Deemed cost**

Ind AS 101 permits a first-time adopter to elect to continue with the carrying value for all of its property, plant and equipment as recognised in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition. This exemption can also be used for intangible assets covered by Ind AS 38 Intangible Assets and investment property covered by Ind AS 40 Investment Properties.

Accordingly, the Company has elected to measure all of its property, plant and equipment and intangible assets at their previous GAAP carrying value.

...Continued from previous page

**(ii) Leases**

Para 9 of Ind AS 116 requires an entity to assess whether a contract or arrangement contains a lease at the inception of the contract or arrangement. A first-time adopter may assess whether a contract existing at the date of transition to Ind ASs contains a lease by applying Ind AS 116 to those contracts on the basis of facts and circumstances existing at that date.

Ind AS 101 requires an entity to reconcile equity, total comprehensive income for prior periods. The following tables represent the reconciliation from previous GAAP to Ind AS:

**B. Reconciliations between previous GAAP and Ind AS**

|  | Notes to first time adoption | As at April 1, 2020          |                                |                      |  |
|--|------------------------------|------------------------------|--------------------------------|----------------------|--|

**F. Reconciliations of cash flows for the year ended March 31, 2021**

| Particulars                          | Notes to first time adoption | Amount as per previous GAAP | Effect of transition to Ind AS | Amount as per Ind AS |
|--------------------------------------|------------------------------|-----------------------------|--------------------------------|----------------------|
| Cash flows from operating activities | (i)                          | 1,099.55                    | (1,188.05)                     | (88.50)              |
| Cash flows from investing activities | (i)                          | (209.57)                    | 188.51                         | (21.06)              |
| Cash flows from financing activities | (i)                          | (405.01)                    | 998.49                         | 593.48               |

**G. Notes to first-time adoption:**

**(a) Leases**

Indian GAAP requires accounting of leases as either operating lease or finance lease. Ind AS 116 requires recognition of right-of-use asset and lease liability for all leases except short term lease and lease of low value assets. Under Indian GAAP, the Company had accounted for its lease as operating lease and recognised lease rent as expense in Statement of Profit & Loss. On transition to Ind AS, the Company has recognised right-of-use assets and lease liabilities of ₹ 7.34 Lacs each at initial recognition and depreciation on right-of-use assets of ₹ 0.43 Lacs and finance cost on lease liabilities of ₹ 0.19 Lacs for the year ended March 31, 2021 and reversed the lease rent expenses of ₹ 0.53 Lacs.

**(b) Trade receivables - Expected credit loss (ECL)**

Under Previous GAAP, provision for doubtful loans and receivables was calculated using incurred loss model. Under Ind AS, the provision on financial assets and commitments, including trade receivables needs to be calculated using the expected credit loss model. Accordingly, an additional provision was recognized as at April 1, 2020 of ₹ 66.38 Lacs and ₹ 2.73 Lacs as at March 31, 2021. As a result, the total equity was decreased by ₹ 66.38 Lacs and ₹ 69.11 Lacs as on April 1, 2020 & March 31, 2021 respectively and the profit for the year ended March 31, 2021 decreased by ₹ 2.73 Lacs.

**(c) Borrowing - Transaction costs**

Under Previous GAAP, borrowings were recorded at cost and transaction costs were charged to Statement of Profit and Loss as and when incurred. Under Ind AS, transaction cost incurred towards origination of borrowings is required to be deducted from the carrying amount of borrowings on initial recognition. These cost are recognised in the Statement of Profit and Loss over the tenure of the borrowing as part of interest expense by applying effective interest rate method. Accordingly, borrowings as at April 1, 2020 have been reduced by ₹ 1.42 Lacs and ₹ 14.72 Lacs as at March 31, 2021. The total equity increased by an equivalent amount and the profit for the year ended March 31, 2021 increased by ₹ 13.30 Lacs.

**(d) Preference share capital**

Schedule III as applicable to financial statements prepared under Ind AS requires the Preference share capital to be classified as Debt or Equity instrument according to the nature of financial instrument received. Accordingly, preference share capital paid up amounting to ₹ 279.00 Lacs consisting of 27,90,000 0.01% non-convertible non-cumulative redeemable preference shares of ₹ 10 each as at April 1, 2020 and ₹ 699.00 Lacs consisting of 69,90,000 0.01% non-convertible non-cumulative redeemable preference shares of ₹ 10 each as at March 31, 2021 have been reclassified under debt or equity component of shares.

Accordingly, financial liability component of ₹ 90.55 Lacs and deferred fair value gain of ₹ 188.45 Lacs retrospectively and finance costs of ₹ 0.15 Lacs and finance income of ₹ 0.21 Lacs upto April 1, 2020 and finance costs of ₹ 11.37 Lacs and finance income of ₹ 18.85 Lacs for the year ended March 31, 2021 have been recognised.

Further for preference shares issued during FY 2020-21 amounting to ₹ 420.00 Lacs consisting of 42,00,000 0.01% non-convertible non-cumulative preference shares of ₹ 10 each, financial liability component of ₹ 132.35 Lacs and deferred fair value gain of ₹ 287.65 Lacs at initial recognition and finance costs of ₹ 2.92 Lacs and finance income of ₹ 4.92 Lacs for the year ended March 31, 2021 have been recognised.

**Vanya Steels Private Limited**

(CIN: U74999KA2005PTC125578)

**Notes to the financial statements for the year ended March 31, 2022**

(All amount are in ₹ Lacs, unless otherwise stated).

...Continued from previous page

**(e) Interest free unsecured loans**

Ind AS 109 requires fair valuation of financial liabilities. The Company has estimated fair value of its interest free unsecured loans from related parties and others and recognised the difference between amount of loan and fair value as deferred fair value gain amounting to ₹ 187.78 Lacs as at April 1, 2020 and ₹ 70.72 Lacs as at March 31, 2021. Further the Company has recognised finance costs of ₹ 157.18 Lacs and finance income of ₹ 159.10 Lacs for the year ended March 31, 2021.

**(f) Remeasurement of defined benefit obligation**

Under Ind AS, remeasurements i.e. actuarial gains and losses and the return on plan assets, excluding amounts included in the net interest expense on the net defined benefit liability are recognised in other comprehensive income instead of profit or loss. Under the previous GAAP, these measurements were forming part of the profit or loss for the year. As a result of this change, the profit for the year ended March 31, 2021 decreased by ₹ 4.01 Lacs. There is no impact on the total equity as at March 31, 2021.

**(g) Prior period errors**

The Company has recorded some expenditure of previous financial year after signing of previous financial statements. Now, the same has been rectified retrospectively.

**(h) Revenue from operations - contract liability**

Ind AS 115 requires determination of transaction price which may vary because of discounts, rebates, refunds, credits, price concessions, incentives, performance bonuses, or other similar items. The Company has estimated the amount of rebates, price concessions etc. and revenue has been decreased by ₹ 32.12 Lacs for the year ended March 31, 2021, contract liability of ₹ 32.12 Lacs has been recognised as at March 31, 2021 and the total equity decreased by an equivalent amount as at March 31, 2021.

**(i) Deferred tax**

Indian GAAP requires deferred tax accounting using the income statement approach, which focuses on differences between taxable profits and accounting profits for the period. Ind-AS 12 "Income Taxes" requires entities to account for deferred taxes using the balance sheet approach, which focuses on temporary differences between the carrying amount of an asset or liability in the balance sheet and its tax base. The application of Ind-AS 12 approach has resulted in recognition of deferred tax on new temporary differences which was not required under Indian GAAP.

**(j) Other comprehensive income**

Under Ind AS, all items of income and expense recognised in a period should be included in profit or loss for the period, unless a standard requires or permits otherwise. Items of income and expense that are not recognised in profit or loss but are shown in the statement of profit and loss as other comprehensive income' includes remeasurements of defined benefit plans and fair value gains or (losses) on FVOCI equity instruments. The concept of other comprehensive income did not exist under previous GAAP.

**(k) Other equity**

Retained earnings have been impacted consequent to the above Ind AS transition adjustments.

**(l) Cash flows statement**

The transition from previous GAAP to Ind AS has not had a material impact statement on cash flows except for the reclassifications of various assets and liabilities.

...Space intentionally left blank...

**5.4 Key Financial Ratios**

Key financial ratios along with the details of significant changes (25% or more) in FY 2021-22 compared to FY 2020-21 is as follows:

| (A). Ratios                                       | Formulae  | For the year ended |                | % Change | Reason for change     |
|---|---|--------------------|----------------|----------|-----------------------|
|   |   | March 31, 2022     | March 31, 2021 |          |                       |
| a) Current ratio (in times)                       | Current assets / Current liabilities  | 1.30               | 1.59           | -18.63%  | Less than 25%         |
| b) Debt equity ratio (in times)                   | Debt / Shareholders' equity   | 1.96               | 1.41           | 38.98%   | Refer footnote C(i)   |
| c) Debt service coverage ratio (in times)         | Earnings available for debt services / (Repayment of borrowings + Interest) | 1.95               | 2.32           | -16.00%  | Less than 25%         |
| d) Return on Equity Ratio (%)                     | Profit/(loss) after taxes / Total equity                                    | 37.01%             | 34.22%         | 8.16%    | Less than 25%         |
| e) Return on Capital Employed Ratio (Pre tax) (%) | Earning before interest & tax / Capital employed                            | 34.86%             | 33.69%         | 3.50%    | Less than 25%         |
| f) Return on Investments Ratio (Post tax) (%)     | Profit after tax / Total assets   | 9.41%              | 10.79%         | -12.75%  | Less than 25%         |
| g) Net profit ratio (%)                           | Net profit / Revenue from operations  | 3.56%              | 3.62%          | -1.51%   | Less than 25%         |
| h) Inventory Turnover Ratio (in times)            | Cost of Goods Sold / Average Inventory                                      | 9.76               | 11.02          | -11.49%  | Less than 25%         |
| i) Trade Receivable Turnover Ratio (in times)     | Credit sales / Average trade receivables                                    | 20.11              | 9.49           | 112.00%  | Refer footnote C(ii)  |
| j) Trade payables turnover ratio (in times)       | Credit purchases / Average trade payables                                   | 29.25              | 17.65          | 65.74%   | Refer footnote C(iii) |
| k) Net capital Turnover Ratio (in times)          | Revenue from operations / Average working capital                           | 20.64              | 16.99          | 21.53%   | Less than 25%         |

...Continued on next page

...Continued from previous page

**(B). Explanation on items included in numerator and denominator for computation of above ratios:**

- (i). Total debt includes non-current borrowings and current borrowings.
- (ii). Earnings available for debt services: Profit/ (loss) after tax + Depreciation and amortisation expenses + Finance costs
- (iii). Cost of goods sold: Cost of material consumed + Change in inventories
- (iv). Repayment of borrowings includes interest paid during the year and current maturities of non-current borrowings.

**(C). Reasons for significant changes (25% or more)**

- (i). Debt equity ratio has been increased on account of increase in total debt in current financial year.
- (ii). Trade receivable turnover ratio has been increased on account of increase in credit sales in current financial year.
- (iii). Trade payables turnover ratio has been increased on account of increase in credit purchases in current financial year.

**55 Reconciliation of quarterly returns or statements of net working capital filed with banks or financial institutions**

| Quarter        | Aggregate working capital limits sanctioned | Amount utilised during the quarter | Amount as per books of account | Amount as reported in the quarterly return/ statement | Amount of difference | Reasons for material discrepancies |
|----------------|---|------------------------------------|--------------------------------|---|----------------------|------------------------------------|
| June 2021      | 2,100.00                                    | 2,047.59                           | 5,602.18                       | 5,637.33  | <b>(35.15)</b>       | Refer footnote i                   |
| September 2021 | 2,100.00                                    | 1,917.95                           | 4,429.16                       | 4,396.61  | <b>32.55</b>         | Refer footnote i                   |
| December 2021  | 2,100.00                                    | 1,942.27                           | 6,655.19                       | 6,871.24  | <b>(216.05)</b>      | Refer footnote i & ii              |
| March 2022     | 7,100.00                                    | 5,984.93                           | 9,617.47                       | 8,688.28  | <b>929.19</b>        | Refer footnote i                   |

**Footnotes:**

- (i) The differences are on account of statement filed with the banks prepared based on provisional financial statements and regrouping of various ledgers.
- (ii) The difference of ₹ 165.61 Lacs is on account of reclassification of balance to security deposits earlier it was mistakenly grouped under trade receivables.

**Vanya Steels Private Limited**

(CIN: U74999KA2005PTC125578)

**Notes to the financial statements for the year ended March 31, 2022**

(All amount are in ₹ Lacs, unless otherwise stated)

**56** The Parliament of India has approved new Labour Codes which would impact the contributions by the Company towards Provident Fund, Employee State Insurance and Gratuity. The effective date from which the changes are applicable is yet to be notified and the rules are yet to be framed. The Company will carry out an evaluation of the impact and record the same in the financial statements in the period in which the Codes become effective and the related rules are published.

**57** The Company does not have any transactions with companies struck-off under Section 248 of the Companies Act, 2013 or Section 560 of the Companies Act, 1956.

**58** The Company does not have any immovable property (other than properties where the Company is a lessee and the lease agreements are duly executed in the favour of the lessee) whose title deeds are not held in the name of the Company.

**59** The Company does not have any Benami property, where any proceeding has been initiated or pending against the Company for holding any Benami property.

**60** The Company has not traded or invested in Crypto currency or Virtual Currency during the financial year.

**61** The Company have not advanced or loaned or invested funds to any other person(s) or entity(ies), including foreign entities (Intermediaries) with the understanding that the Intermediary shall

- (a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (Ultimate Beneficiaries) or
- (b) provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.

**62** The Company have not received any fund from any person(s) or entity(ies), including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the Company shall

- (a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (Ultimate Beneficiaries) or
- (b) provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.

**63** The Company does not have any charges or satisfaction which is yet to be registered with Registrar of Companies ("ROC") beyond the statutory period.

**64** The Company has not done any such transaction which is not recorded in the books of accounts that has been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (such as, search or survey or any other relevant provisions of the Income Tax Act, 1961).

**65** The Company has not been declared a wilful defaulter by any bank or financial institutions or other lender in accordance with the guidelines on wilful defaulters issued by the Reserve Bank of India.

**66** The Company has not used any borrowings from banks and financial institutions for purpose other than for which it was taken.

**67** Due to spread of 'COVID-19' pandemic the Government imposed a nationwide lockdown and other restrictions on movement with effect from March 25, 2020. Consequently, the Company's offices were closed and operations temporarily suspended since then. The Company has drawn projected cash flow for the next one year, based on certain assumptions and has concluded that the Company will have sufficient liquidity to continue its operations. In assessing the recoverability of its current assets including trade receivables, loan and advances, the Company has considered internal and external information upto the date of approval of these financial statements, has performed sensitivity analysis on the assumptions based on current indicators of the future economic conditions and considered the same in preparing these financial results. The Company is confident of recovering the carrying amount of these assets.

However, the impact of the pandemic may be different from that estimated as at the date of approval of these financial statements and the management will continue to closely monitor any material changes to future economic conditions.

In Point No ii(b) of the Auditors Report it is reported that The Company has been sanctioned working capital limits in excess of Rs. 5 crores in aggregate from banks and/or financial institutions during the year on the basis of security of current assets of the Company. The deviations noted between the books of accounts and the quarterly returns/statements filed with such banks and financial institutions have been disclosed in Note no 55 of the financial statements:

**Reconciliation of quarterly returns or statements of net working capital filed with banks or financial institutions**

| Quarter        | Aggregate working capital limits sanctioned | Amount utilised during the quarter | Amount as per books of account | Amount as reported in the quarterly return/statement | Amount of difference |
|----------------|---|------------------------------------|--------------------------------|--|----------------------|
| June 2021      | 2,100.00                                    | 2,047.59                           | 5,602.18                       | 5,637.33   | (35.15)              |
| September 2021 | 2,100.00                                    | 1,917.95                           | 4,429.16                       | 4,396.61   | 32.55                |
| December 2021  | 2,100.00                                    | 1,942.27                           | 6,655.19                       | 6,871.24   | (216.05)             |
| March 2022     | 7,100.00                                    | 5,984.93                           | 9,617.47                       | 8,688.28   | 929.19               |

**Management Representation:**

The differences are on account of statement filed with the banks prepared based on provisional financial statements and regrouping of various ledgers. The management is taking necessary action for the same.

b. following are the dues of income tax and goods and service tax which have not been deposited with the appropriate authorities on account of dispute are as follows:

| Name of the statute      | Nature of the dues | Amount (Rs. in Lakhs) | Period to which the amount relates | Forum where the dispute is pending |
|--------------------------|--------------------|-----------------------|------------------------------------|------------------------------------|
| The Income-Tax Act, 1961 | Income Tax         | 229.31                | AY2015-16 to AY2021-22             | CPC, Income Tax and Others         |

With respect to above said dues, the company has filed Appeal before the Commissioner of Income Tax (Appeals) and matter is still pending with the Commissioner of Income Tax (Appeals).

**ii) INTERNAL AUDITOR:**

Pursuant to provisions of Section 138 of the companies Act, 2013 read with Companies (Accounts) Rules, 2014 M/s. Anand Shankar & Company, Chartered Accountants (FRN: 023455N) were appointed as Internal Auditor of the company.

**iii) COST AUDITOR:**

The Board has appointed M/s. Vishwanath Bhat & Co, Cost Accountants (FRN: 100509) as the Cost Auditor of the Company for the Financial Year 2022-23 to conduct the cost audit.

The Board of Directors of the company proposes the ratification of remuneration payable to M/s. Vishwanath Bhat & Co, Cost Accountants (FRN: 100509) for the Financial Year 2022-23 at the ensuing Annual General Meeting.

Further, the cost auditors have not made any qualification on the operations of the Company for the FY 2021-22 in their report.

**iv) SECRETARIAL AUDITORS:**

Pursuant to the provisions of Section 204 of the Companies Act, 2013 and the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, M/s. R. Singhal & Associates, Practicing Company Secretaries appointed as Secretarial Auditor of the company for F.Y 2021-22.

| <b>Sl. No</b> | <b>Observation made by the secretarial auditor</b>  | <b>Management Representation</b>  |
|---------------|---|---|
| 1             | The Company has not filed Form CHG-1 with the Registrar of Companies in relation to the charge created on motor vehicle purchased by the Company. Loan of INR 35,00,000/- was availed from IDFC First Bank Limited in this regard | The management took all the actions to file Form CHG-1 and approach the IDFC First Bank (Bank) to file the charge form with the ROC to protect the interest of the lender as per provisions of the companies Act, 2013. However, the bank has contended that, filing of charge creation cannot be done since the loan amount is less than INR 50,00,000/- and vehicle is hypothecated as per the latest RTO Records. Hence, company couldn't file the Form CHG-1 within 120 days from the date of creation as per the time prescribed under the Companies |

act, 2013.

### **33. IMPACT OF COVID-19**

The management has made an assessment of the impact of COVID-19 on the Company's operations, financial performance and position as at and for the year ended March 31, 2022 and has concluded that there is no impact which is required to be recognized in the financial statements.

### **34. ACKNOWLEDGEMENTS:**

Your Directors take this opportunity to thank its Bankers for their support in the growth of the Company. Your Directors wish to acknowledge with gratitude the patronage extended to the Company by the large body of its customers and contribution made by the employees at all levels and look forward to their dedicated commitment in the years to come towards the Company reaching greater heights.

Finally, Directors would like to convey their deep sense of gratitude to the members and look forward to their continued support in the growth of the Company.

**Annexure-III**

**CORPORATE AND SOCIAL RESPONSIBILITY POLICY:**

**1. A brief outline of the CSR policy of the Company:**

The Company's Corporate Social Responsibility Policy ('CSR Policy') is framed as per the requirements of Section 135 of the Companies Act, 2013 ('the Act'). As per the policy, the company's aimed at demonstrating care for the community through its focus on education & skill development, eradicating hunger, health & wellness and environmental sustainability. Also embedded in this objective is support to the marginalized cross section of the society by providing opportunities to improve their quality of life.

The projects undertaken during the financial year 2021-22 are within the broad framework of Schedule VII of the Companies Act, 2013.

**2. Composition of CSR Committee: Not applicable**

As per Companies (Corporate Social Responsibilities) Amendment Rules, 2021, the constitution of CSR Committee is not applicable to the Company.

| Sl. No. | Name of Director | Designation/ Nature of Directorship | Number of meetings of CSR Committee held during the year | Number of meetings of CSR Committee attended during the year |
