Directors' statement
for the financial year ended 31 March 2026

The directors are pleased to present their statement to the member together with the audited financial statements of A One Gold Singapore Pte. Ltd. (the "Company") for the financial year ended 31 March 2026.

1. Opinion of the directors

In the opinion of the directors,

- (a) the financial statements of the Company are drawn up so as to give a true and fair view of the financial position of the Company as at 31 March 2026 and the financial performance, changes in equity and cash flows of the Company for the financial year then ended; and
- (b) at the date of this statement, there are reasonable grounds to believe that the Company will be able to pay its debts as and when they fall due.

2. Directors

The directors of the Company in office at the date of this statement are:

Sunil Jallan
Dev Aaryan Jallan
Jagariti Mathur

3. Arrangements to enable directors to acquire shares or debentures

Neither at the end of nor at any time during the financial year was the Company a party to any arrangement whose objects are, or one of whose objects is, to enable the directors of the Company to acquire benefits by means of the acquisition of shares in, or debentures of the Company or any other body corporate.

4. Directors' interests in shares or debentures

According to the register of directors' shareholdings kept by the Company under section 164 of the Companies Act 1967 ("Act") the directors of the Company who held office at the end of the financial year had no interests in the shares or debentures of the Company and its related corporations except as stated below:

	Direct interest	
	At beginning of financial year	At end of financial year
Holding company		
- A One Steels India Limited		
<i>Equity shares</i>		
Sunil Jallan	20,737,640	20,737,640

A ONE GOLD SINGAPORE PTE. LTD.
Company Registration No. 202134892E

Directors' statement (continued)
for the financial year ended 31 March 2025

5. Share options

There were no share options granted during the financial year to subscribe for unissued shares of the Company.

There were no shares issued during the financial year by virtue of the exercise of options to take up unissued shares of the Company.

There were no unissued shares of the Company under option at the end of the financial year.

6. Auditor

NLA DFK Assurance PAC has expressed its willingness to accept re-appointment as auditor.

On Behalf of the Board of Directors

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of A One Gold Singapore Pte. Ltd. (the "Company"), which comprise the statement of financial position as at 31 March 2026, and the statement of comprehensive income, statement of changes in equity and statement of cash flows for the financial year then ended, and notes to the financial statements, including material accounting policy information.

In our opinion, the accompanying financial statements are properly drawn up in accordance with the provisions of the Companies Act 1967 (the "Act") and Financial Reporting Standards in Singapore ("FRSs") so as to give a true and fair view of the financial position of the Company as at 31 March 2026 and of the financial performance, changes in equity and cash flows of the Company for the financial year ended on that date.

Basis for Opinion

We conducted our audit in accordance with Singapore Standards on Auditing ("SSAs"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Accounting and Corporate Regulatory Authority ("ACRA") *Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities* ("ACRA Code") together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

Management is responsible for the other information. The other information comprises the Directors' Statement as set out on pages 1 to 2.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

NLA DFK ASSURANCE PAC

**Independent auditor's report to the member of
A ONE GOLD SINGAPORE PTE. LTD.**
Company Registration No. 202134892E

Report on the Audit of the Financial Statements (continued)

Responsibilities of Management and Directors for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and FRSs, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The directors' responsibilities include overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- (a) Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- (b) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- (c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

NLA DFK ASSURANCE PAC

**Independent auditor's report to the member of
A ONE GOLD SINGAPORE PTE. LTD.**
Company Registration No. 202134892E

Report on the Audit of the Financial Statements (continued)

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

(d) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

(e) Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on Other Legal and Regulatory Requirements

In our opinion, the accounting and other records required by the Act to be kept by the Company have been properly kept in accordance with the provisions of the Act.

The engagement partner on the audit resulting in this independent audit's report is Mr. Ulaganathan S/O Karumanan.

Notes to the financial statements
for the financial year ended 31 March 2026

These notes form an integral part of and should be read in conjunction with the accompanying financial statements.

1. Corporate information

A One Gold Singapore Pte. Ltd. (the “Company”) is incorporated and domiciled in Singapore and its registered office is at 183 Jalan Pelikat #B2-02 The Promenade @ Pelikat Singapore 537643.

The principal activities of the Company are those of import and export of Coal, Iron Ore, Scrap, M.S.& Galvanised Steel Product.

The Company’s immediate and ultimate holding Company is A-One Steels India Limited (formerly known as “A-One Steel and Alloys Private Limited, “A-One Steels India Private Limited”), which is incorporated in India.

2. Material accounting policy information

2.1 Basis of preparation

The financial statements of the Company have been drawn up in accordance with the Financial Reporting Standards in Singapore (“FRSs”) and have been prepared on the historical cost basis except as disclosed in the accounting policies below.

The financial statements are presented in United States Dollar (“USD”), which is the Company’s functional currency.

The financial statements of the Company have been prepared on the basis that it will continue to operate as going concern.

2.2 Adoption of new and amended standards and interpretations

The accounting policies adopted are consistent with those of the previous financial year except that in the current financial year, the Company has adopted all the new and amended standards which are relevant to the Company and are effective for annual financial periods beginning on or after 1 April 2025. The adoption of these standards did not have any material effect on the financial performance or position of the Company.

2.3 Standards issued but not yet effective

A number of new standards and amendments to standard that have been issued are not yet effective and have not been applied in preparing these financial statements.

The directors expect that the adoption of these new and amended standards will have no material impact on the financial statements in the year of initial application.

A ONE GOLD SINGAPORE PTE. LTD.
Company Registration No. 202134892E

Notes to the financial statements
for the financial year ended 31 March 2026

2. Material accounting policy information (continued)

2.4 Foreign currency transactions and balances

Transactions in foreign currencies are measured in the functional currency of the Company and are recorded on initial recognition in the functional currency at exchange rates approximating those ruling at the transaction dates. Monetary assets and liabilities denominated in foreign currencies are translated at the rate of exchange ruling at the end of the reporting period. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions.

Exchange differences arising on the settlement of monetary items or on translating monetary items at the end of the reporting period are recognised in profit or loss.

2.5 Financial instruments

(a) Financial assets

Initial recognition and measurement

Financial assets are recognised when, and only when, the Company becomes a party to the contractual provisions of the financial instruments.

On initial recognition, the Company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss ("FVPL"), transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at FVPL are expensed in profit or loss.

Trade receivables are measured at the amount of consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third party, if the trade receivables do not contain a significant financing component at initial recognition.

Subsequent measurement

Debt instruments

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the contractual cash flow characteristics of the asset. The three measurement categories for classification of debt instruments are amortised cost, fair value through other comprehensive income ("FVOCI") and FVPL. The Company only has debt instruments at amortised cost.

A ONE GOLD SINGAPORE PTE. LTD.
Company Registration No. 202134892E

Notes to the financial statements
for the financial year ended 31 March 2026

2. Material accounting policy information (continued)

2.5 Financial instruments (continued)

(a) Financial assets (continued)

Subsequent measurement (continued)

Debt instruments (continued)

Financial assets that are held for the collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Financial assets are measured at amortised cost using the effective interest method, less impairment. Gains and losses are recognised in profit or loss when the assets are derecognised or impaired, and through amortisation process.

Derecognition

A financial asset is derecognised when the contractual right to receive cash flows from the asset has expired. On derecognition of a financial asset in its entirety, the difference between the carrying amount and the sum of the consideration received and any cumulative gain or loss that had been recognised in other comprehensive income for debt instruments is recognised in profit or loss.

(b) Financial liabilities

Initial recognition and measurement

Financial liabilities are recognised when, and only when, the Company becomes a party to the contractual provisions of the financial instrument. The Company determines the classification of its financial liabilities at initial recognition.

All financial liabilities are recognised initially at fair value plus in the case of financial liabilities not at FVPL, net of directly attributable transaction costs.

Subsequent measurement

After initial recognition, financial liabilities that are not carried at FVPL are subsequently measured at amortised cost using the effective interest method. Gains and losses are recognised in profit or loss when the liabilities are derecognised, and through the amortisation process

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. On derecognition, the difference between the carrying amount and the consideration paid is recognised in profit or loss.

A ONE GOLD SINGAPORE PTE. LTD.
Company Registration No. 202134892E

Notes to the financial statements
for the financial year ended 31 March 2026

2. Material accounting policy information (continued)

2.6 Derivatives

Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently remeasured to their fair value at the end of each reporting period. Changes in fair value of derivatives are recognised in profit or loss.

2.7 Impairment of financial assets

The Company recognises an allowance for expected credit losses (“ECLs”) for all debt instruments not held at fair value through profit or loss and financial guarantee contracts. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Company expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECLs are recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is recognised for credit losses expected over the remaining life of the exposure, irrespective of timing of the default (a lifetime ECL).

For trade receivables, the Company applies a simplified approach in calculating ECLs. Therefore, the Company does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Company has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment which could affect debtors’ ability to pay.

The Company considers a financial asset in default when contractual payments are 180 days past due. However, in certain cases, the Company may also consider a financial asset to be in default when internal or external information indicates that the Company is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Company. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

2.8 Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and the amount of the obligation can be estimated reliably.

A ONE GOLD SINGAPORE PTE. LTD.
Company Registration No. 202134892E

Notes to the financial statements
for the financial year ended 31 March 2026

2. Material accounting policy information (continued)

2.8 Provisions (continued)

Provisions are reviewed at the end of each reporting period and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of economic resources will be required to settle the obligation, the provision is reversed. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, where appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

2.9 Revenue

Revenue is measured based on the consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Revenue is recognised when the Company satisfies a performance obligation by transferring a promised good or service to the customer, which is when the customer obtains control of the good or service. A performance obligation may be satisfied at a point in time or over time. The amount of revenue recognised is the amount allocated to the satisfied performance obligation.

Sale of goods

Revenue is recognised when the goods are delivered to the customer and all criteria for acceptance have been satisfied. This is based on the basis of the date of “On Board Bill of Lading” for export sales.

2.10 Taxes

(a) Current income tax

Current income tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authority. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the end of reporting period.

Current income taxes are recognised in profit or loss except to the extent that the tax relates to items recognised outside profit or loss, either in other comprehensive income or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

A ONE GOLD SINGAPORE PTE. LTD.

Company Registration No. 202134892E

Notes to the financial statements
for the financial year ended 31 March 2026

2. Material accounting policy information (continued)

2.10 Taxes (continued)

(b) Deferred tax

Deferred tax is provided using the liability method on temporary differences at the end of the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current income tax assets against current income tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

(c) Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST except:

- (i) where the GST incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case the GST is recognised as part of the cost of acquisition of the asset or as part of the expense item as applicable; and
- (ii) receivables and payables that are stated with the amount of GST included.

The net amount of GST recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the statement of financial position.

2.11 Share capital

Proceeds from issuance of ordinary shares are recognised as share capital in equity. Incremental costs directly attributable to the issuance of ordinary shares are deducted against share capital.

A ONE GOLD SINGAPORE PTE. LTD.
Company Registration No. 202134892E

Notes to the financial statements
for the financial year ended 31 March 2026

3. Significant accounting judgements and estimates

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities at the end of each reporting period. Uncertainty about these assumptions and estimates could result in outcomes that require adjustment to the carrying amount of the asset or liability affected in the future periods.

3.1 Judgements made in applying accounting policies

Management is of the opinion that there are no significant judgements made in applying the accounting policies that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

3.2 Key sources of estimation uncertainty

The key assumptions concerning the future and other key sources of estimation uncertainty at the end of the reporting period are discussed below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

(a) Provision for expected credit losses ("ECLs") of trade and other receivables

The Company uses a provision matrix to calculate ECLs for trade receivables. The provision rates are based on days past due for groupings of various customer segments that have similar loss patterns.

The provision matrix is initially based on the Company's historical observed default rates. The Company will calibrate the matrix to adjust historical credit loss experience with forward-looking information. At every reporting date, historical default rates are updated and changes in the forward-looking estimates are analysed.

The assessment of the correlation between historical observed default rates, forecast economic conditions and ECLs is a significant estimate. The amount of ECLs is sensitive to changes in circumstances and of forecast economic conditions. The Company's historical credit loss experience and forecast of economic conditions may also not be representative of customer's actual default in the future. The information about the ECLs on the Company's trade receivables is disclosed in Note 13(a).

The carrying amount of the trade receivables at the end of the reporting period is disclosed in Note 4.

Company Registration No. 202134892E

Notes to the financial statements
for the financial year ended 31 March 2026

10. Income tax expense (continued)

The reconciliation between income tax expense and product of accounting profit/(loss) multiplied by the applicable corporate tax rate for the financial years ended 31 March 2026 and 31 March 2025 were as follow:

	2026	2025
	USD	USD
Profit/(Loss) before income tax	782,393	(284,834)
Income tax using the statutory tax rate of 17% (2025:17%)	133,007	(48,422)
Adjustments:		
Non-taxable income	14,222	-
Tax rebate	(31,084)	-
Tax exemption	(79,653)	-
Non-deductible expenses	-	48,422
Others	14,440	-
	50,932	-

11. Significant related party transactions

In addition to the related party information disclosed elsewhere in the financial statements, the following transactions with related parties took place on terms agreed between the parties during the financial year.

	2026 USD	2025 USD
With immediate and ultimate holding company		
- Sales of goods	-	4,398,696
- Purchases of goods	4,645,978	2,501,924
- Demurrage income	-	55,843
With related party		
- Purchases of goods	1,574,447	1,878,455

The balances with related party are expected to be settled in cash, unless otherwise stated.

The related party is an entity in which a director of the Company has significant influence or control over the entity.

Company Registration No. 202134892E

Notes to the financial statements
for the financial year ended 31 March 2026

12. Fair values of assets and liabilities

Assets and liabilities not measured at fair value

(a) The Company does not have assets and liabilities measured at fair value.

(b) *Bank balances, other receivables and other payables*

The carrying amounts of these balances approximate their fair values due to the short-term nature of these balances.

Trade receivables and trade payables

The carrying amounts of these balances approximate their fair values as they are subject to normal trade credit terms.

13. Financial risk management

The Company's activities expose it to a variety of financial risks from its operation. The key financial risks include credit risk, liquidity risk and market risk (foreign currency risk).

The directors review and agree policies and procedures for the management of these risks, which are executed by the management team. It is, and has been throughout the current period and previous financial period, the Company's policy that trading in derivatives for speculative and hedging purposes shall be undertaken.

The following sections provide details regarding the Company's exposure to the above-mentioned financial risks and the objectives, policies and processes for the management of these risks.

There has been no change to the Company's exposure to these financial risks or the manner in which it manages and measures the risks.

(a) Credit risk

Credit risk refers to the risk that the counterparty will default on its contractual obligations resulting in a loss to the Company. The Company's exposure to credit risk arises primarily from trade and other receivables. For other financial assets, the Company minimises credit risk by dealing exclusively with high credit rating counterparties.

The Company has adopted a policy of only dealing with creditworthy counterparties. The Company performs ongoing credit evaluation of its counterparties' financial condition and generally do not require a collateral.

Notes to the financial statements
for the financial year ended 31 March 2026

13. Financial risk management (continued)

(a) Credit risk (continued)

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period.

The Company has determined the default event on a financial asset to be when internal and/or external information indicates that the financial asset is unlikely to be received, which could include default of contractual payments due for more than 60 days or there is significant difficulty of the counterparty.

To minimise credit risk, the Company has developed and maintained the Company's credit risk gradings to categorise exposures according to their degree of risk of default. The credit rating information is supplied by publicly available financial information and the Company's own trading records to rate its major customers and other debtors. The Company considers available reasonable and supportive forward-looking information which includes the following indicators:

- Internal credit rating -
- External credit rating
- Actual or expected significant adverse changes in business, financial or economic conditions that are expected to cause a significant change to the debtor's ability to meet its obligations
- Actual or expected significant changes in the operating results of the debtor
- Significant increases in credit risk on other financial instruments of the same debtor
- Significant changes in the expected performance and behaviour of the debtor, including changes in the payment status of debtors in the group and changes in the operating results of the debtor.

Regardless of the analysis above, a significant increase in credit risk is presumed if a debtor is more than 60 days past due in making contractual payment.

The Company determined that its financial assets are credit-impaired when:

- There is significant difficulty of the debtor
- A breach of contract, such as a default or past due event
- It is becoming probable that the debtor will enter bankruptcy or other financial reorganisation -
- There is a disappearance of an active market for that financial asset because of financial difficulty

The Company categorises a receivable for potential write-off when a debtor fails to make contractual payments more than 120 days past due. Financial assets are written off when there is evidence indicating that the debtor is in severe financial difficulty and the debtor has no realistic prospect of recovery.

for the financial year ended 31 March 2026

13. Financial risk management (continued)

(a) Credit risk (continued)

The Company's current credit risk grading framework comprises the following categories:

<u>Category</u>	<u>Definition of category</u>	<u>Basis for recognising expected credit loss (ECL)</u>
I	Counterparty has a low risk of default and does not have any past-due amounts.	12-month ECL
II	Amount is more than 60 days past due or there has been a significant increase in credit risk since initial recognition.	Lifetime ECL – not credit-impaired
III	Amount is more than 90 days past due or there is evidence indicating the asset is credit-impaired (in default).	Lifetime ECL – credit-impaired
IV	There is evidence indicating that the debtor is in severe financial difficulty and the debtor has no realistic prospect of recovery.	Amount is written off

The table below details the credit quality of the Company's financial assets, as well as maximum exposure to credit risk by credit risk rating categories:

	<u>Note</u>	<u>Category</u>	<u>12- month or lifetime ECL</u>	<u>Gross carrying amount</u> <u>USD</u>	<u>Loss allowance</u> <u>USD</u>	<u>Net carrying amount</u> <u>USD</u>
<u>31.03.2026</u>						
Trade receivables	4	(Note 1)	Lifetime ECL (simplified)	4,743,035	-	4,743,035
Other receivables	4	I	12-month ECL	8,976	-	8,976
<u>31.03.2025</u>						
Trade receivables	4	(Note 1)	Lifetime ECL (simplified)	3,802,101	-	3,802,101
Other receivables	4	I	12-month ECL	8,976	-	8,976

Notes to the financial statements
for the financial year ended 31 March 2026

13. Financial risk management (continued)

(a) Credit risk (continued)

Trade receivables (Note 1)

For trade receivables, the Company has applied the simplified approach in FRS 109 to measure the loss allowance at lifetime ECL. The Company determines the ECL by using a provision matrix, estimated based on historical credit loss experience based on the past due status of the debtors, adjusted as appropriate to reflect current conditions and estimates of future economic conditions. Accordingly, the credit risk profile of trade receivables is presented based on their past due status in terms of the provision matrix.

Excessive risk concentration

Concentrations arise when a number of counterparties are engaged in similar business activities, or activities in the same geographical region, or have economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentrations indicate the relative sensitivity of the Company's performance to developments affecting a particular industry.

Exposure to credit risk

The Company has no significant concentration of credit risk other than the balance with holding company (Note 4). The Company has credit policies and procedures in place to minimise and mitigate its credit risk exposure.

(b) Liquidity risk

Liquidity risk refers to the risk that the Company will encounter difficulties in meeting its short-term obligations due to shortage of funds. The Company's exposure to liquidity risk arises primarily from mismatches of the maturities of financial assets and liabilities. It is managed by matching the payment and receipt cycles. The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of stand-by credit facilities. The Company finances its working capital requirements through funds generated from operations. The directors are satisfied that funds are available to finance the operations of the Company.

13. Financial risk management (continued)

(b) Liquidity risk (continued)

Analysis of financial instruments by remaining contractual maturities

The table below summarises the maturity profile of the Company's financial assets and liability at the reporting date based on contractual undiscounted repayment obligations.

31.03.2026			
	Carrying amount USD	Contractual cash flows USD	One year or less USD
<u>Financial assets</u>			
Bank balances	1,351,175	1,351,175	1,351,175
Trade and other receivables	4,752,011	4,752,011	4,752,011
	<u>6,103,186</u>	<u>6,103,186</u>	<u>6,103,186</u>
<u>Financial liability</u>			
Trade payables and accrued expenses	4,551,157	4,551,157	4,551,157
Total net undiscounted financial assets	<u>1,552,029</u>	<u>1,552,029</u>	<u>1,552,029</u>
31.03.2025			
	Carrying amount USD	Contractual cash flows USD	One year or less USD
<u>Financial assets</u>			
Bank balances	58,272	58,272	58,272
Trade and other receivables	3,811,077	3,811,077	3,811,077
	<u>3,869,349</u>	<u>3,869,349</u>	<u>3,869,349</u>
<u>Financial liability</u>			
Trade payables and accrued expenses	3,080,005	3,080,005	3,080,005
Total net undiscounted financial assets	<u>789,344</u>	<u>789,344</u>	<u>789,344</u>

Notes to the financial statements
for the financial year ended 31 March 2026

13. Financial risk management (continued)

(c) Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates will affect the Company's income. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return on risk.

(i) *Foreign currency risk*

The Company's foreign exchange risk results mainly from cash flows from transactions denominated in foreign currencies. At present, the Company does have formal policy for hedging against currency risk. The Company ensures that the net exposure is kept to an acceptable level by buying or selling foreign currencies at spot rates, where necessary, to address short term imbalances.

The Company has transactional currency exposures arising from cash and bank balances that are denominated in a currency other than the functional currency of the Company, primarily Singapore Dollar ("SGD").

The Company's currency exposures to the SGD at the reporting date were as follows:

	31.03.2026 SGD	31.12.2025 SGD
<u>Financial asset</u>		
Bank balances	5,651	17,627

A 5% strengthening of United States Dollar against the foreign currency denominated balances as at the reporting date would decrease profit or loss by the amount shown below. This analysis assumes that all other variables remain constant.

	<u>Profit or loss (after tax)</u>	
	01.01.2026 to 31.03.2026 USD	01.10.2025 to 31.12.2025 USD
Singapore Dollar	235	732

A 5% weakening of United States Dollar against the above currency would have had equal but opposite effect on the above currency to the amount shown above, on the basis that all other variables remain constant.

Notes to the financial statements
for the financial year ended 31 March 2026

14. Financial instruments by category

At the end of reporting period, the aggregate carrying amounts of financial assets and financial liabilities were as follows:

	2026	2025
	USD	USD
Financial assets measured at amortised cost	1,351,175	58,272
Cash and bank balances	4,572,011	3,811,077
Trade and other receivables	<u>5,923,186</u>	<u>3,869,349</u>
Financial liabilities measured at amortised cost		
Trade and other payables	<u>4,551,157</u>	<u>3,080,005</u>

15. Capital management

The primary objective of the Company's capital management is to ensure that it maintains healthy capital ratios and net current asset position in order to support its business and maximise shareholder value. The capital structure of the Company comprises issued share capital and retained earnings.

The Company manages its capital structure and makes adjustments to it, in light of changes in economic conditions. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Company is not subject to any externally imposed capital requirements. No changes were made in the objectives, policies or processes during the financial years ended 31 March 2026 and 31 March 2025.

16. Authorisation of financial statements for issue

The financial statements for the financial year ended 31 March 2026 were authorised for issue in accordance with a resolution of the Board of Directors of the Company on 13 May 2026.
